Depot Plan May Speed Building Of Schools

Aid Would Be Sought; GC System Filling Up At All Grade Levels

Construction needs — given impetus by the scheduled New Year's transfer of hundreds of families from Columbus, O., to Granite City — occupied the school board during part of its Tuesday night session. The topic is to receive further study.

If the transfer of civil service employees to the local Army Depot takes place, further "federal impact" aid would be sought to aid in providing enough classrooms, it was noted. The discussion also brought out that other enrollment gains will require the use of all grade levels during the 1960s.

A current problem area cited Tuesday night was Frohshol school, already the largest grade school in the Quad-Cities and one of the biggest in Illinois. Many of its classes are near or above the 40-pupil mark, and construction of new homes within its territory is continuing at a rapid pace.

Even a temporary remedy has not been found at Frohshol, because a national shortage of teachers is beginning to be felt here and because it is uncertain whether alternate facilities are available for rental by the district. Superintendent Harold M. Kauter is currently conducting a search for more rooms and more instructors.

Move Mitchell Kindergarten

During completion of a six-room addition to Mitchell kindergarten school this fall, three classes are meeting at the Mitchell Baptist Church and it was decided Tuesday night to also transfer a kindergarten group from the school gymnasium to the Mitchell Presbyterian Church at a cost of \$125.00 a week, plus \$12 for utilities.

An enrollment of 104 in the Wilson school kindergarten is to be divided into three groups, each meeting two hours a day instead of the usual two and a half hours for two classes.

And some of the 80 Marshall kindergarten pupils are to be assigned to a small room there to form a third class.

Seven Extra Buses

Due to the high school enrollment rise to 2401 from 2300 at a similar time last year, seven buses are being added at an approximate yearly cost of \$15,000, Dr. Kauter said.

It is hoped to change 4 p.m. (Continued on page 15, col. 1)

3 Quad-Cityans To Bear Sept. 20 Draft Call-Married

President Kennedy's order of Tuesday exempting married men from the draft began immediately and three of 11 Quad-Cityans slated to be drafted Sept. 20 won't have to enter the armed forces.

A spokesman for the county selective service office at Edwardsville said today that it is required for prospective draftees to be given notice 10 days in advance of any change in status, but there have been no objections to the shorter notice to those who now are exempted.

Call From California

"We're flooded with calls from draft eligibles who are married," the draft office clerk said. "In fact, one of them at 8:10 a.m. yesterday was from a former Granite Cityan now living in California who was slated to be drafted under next week's quota.

"He called us from California and was greatly relieved by his change in status," the clerk said. She identified the caller as Ronald Elton Clifton Ellis.

The Presidential order dropped the Quad-Cities' draft quota for Sept. 20 from 11 to eight. About 20 young men were reported as pre-induction physical examinations on Sept. 27. Three of them are being replaced with unmarried eligibles.

Four More File For Mitchell Park Posts

Eight men had filed petitions as candidates for commissioners of the proposed Mitchell Park district by noon today, the county clerk's office reported.

Those who filed since Monday are John Winfield, 231 Piennes place; John E. Sands, 1011 East Chain of Rocks road; Franklin Delano Chapman, 635 Tennessee avenue; and Edward C. Young, 665 Chouteau avenue.

Eight more petitions are still out. The filing deadline is 5 p.m. today.

Tavern Injunction Suit Against Sheriff Dismissed

Judge Joseph J. Barr today dismissed an injunction suit against Madison county Sheriff Barney Fraundorf in circuit court at Edwardsville. The suit had been filed by five operators of taverns in unincorporated areas of the county.

The ruling came on a motion by the state's Attorney Dick H. Mudge and the American Legion, which contended that the tavern operators failed to prove that Fraundorf had acted unlawfully.

The operators had accused Fraundorf of harassment and intimidation in connection with constant checks by his office for closing hour violations and interference with their business.

Testimony was heard yesterday from four of the five tavern owners and from Fraundorf, who was called to the stand by James Massa, Collinsville attorney who represented the tavern owners.

Fraundorf Questioned

He questioned Fraundorf as to his duties and policies of his office in keeping surveillance on taverns for closing hour and other violations. He was overruled by Judge Barr when he tried to question the sheriff about his past and his qualifications of the county.

Mudge noted that it had not been customary in the county for the sheriff to investigate taverns or make raids before Fraundorf was elected.

The state's attorney maintained that the sheriff's investigations were conducted on information of certain law violations received by his office, and that he had no right to rests in connection with closing hour violations and with illegal sale of liquor to minors.

Tavern owners objected to constant vigilance, making arrests without a warrant and being fingerprinted and photographed.

Plaintiffs testifying were Joe (Continued on page 17, col. 4)

Committee To Study Tavern Proposal

Resolution To Extend Hours Fails To Gain County Board Approval

A resolution to extend tavern closing hours by one hour in unincorporated areas of the county was referred to the liquor license committee of the Madison county board of supervisors during a board meeting Tuesday in Edwardsville.

A motion to take immediate action on the resolution by suspending the board rules was defeated by a vote of 29-14.

The resolution, sponsored by a county tavern owners group, sought to extend the hours until 2 a.m. weekdays and 3 a.m. on Saturdays. It was introduced by Pete Perica and seconded by Walter Schreiber, both assistant supervisors from Alton, after the board's liquor commission announced it would not support the measure.

"The meeting was attended by a delegation of tavern operators and also by a number of individuals who strongly oppose the extension."

Before the vote, Robert Miller of Alton tried to amend the resolution by setting the closing hour at 2 a.m. seven days a week and increasing the liquor license from \$300 to \$450 per year. It did not draw a second to the motion.

Call For Agreement

Miller noted that this was the third time within 10 months of a year that closing hours have been considered by the board and called for an agreement between both sides before it is introduced again.

He remarked that taverns are legitimate businesses, and that (Continued on page 8, col. 3)

Change In Law

Motorists Must Stop For Halted School Buses In City

A change in the law governing the stopping of vehicles for school buses was announced this week at Springfield by Secretary of State Charles F. Carpenter.

Under the new provisions of the law, drivers must now stop whenever they meet or overtake a school bus that is stopped to load or unload pupils.

Before the stop was required only upon highways outside business or residential areas. Now it is required on all city streets, highways, county roads, expressways, and other thoroughfares.

The only exceptions are on highways divided by a median strip when the school bus is on the opposite side of the road, or when a bus is stopped in a loading zone off a controlled access highway.

Flashing Lights On Buses

The buses are required to display signs reading "school bus," and driver signals must be equipped with flashing red and yellow lights which must be turned on at least 100 feet before stopping.

Whenever a driver approaches or overtakes a school bus on a city street or open highway with the flashing lights in operation, he is required to stop and remain stopped until the bus driver signals him to proceed or until the flashing lights are turned off.

The change was enacted by the recent session of the General Assembly.

Six Rainy Days Here So Far This Month

September so far has a 500 batting average — precipitation-wise.

In the first 12 days, rain has been regarded on six. However, on three of those only traces of rain (less than a hundredth of an inch) were noted on the gauge at the Chain of Rocks canal locks.

This month's rainfall already totals 1.05 inch, which is nearly as much as fell during the entire months of August (1.06 inch) and July (1.49 inch).

The traces were recorded on Sept. 2, 3 and 4, along with 21 inch on Sept. 5, 26 inch on Sept. 11 and 58 inch on Sept. 12.

The area's total for the year now stands at 21.51 inches — about five inches below normal.

Four Programs Scheduled

The Tri-City Community Concert Association will inaugurate its 11th consecutive season here on Oct. 31, when the first of four concerts will be presented at the Granite City high school.

President Raymond Henley announced today.

The opening attraction will be the Nello Fisher Ballet Company, a five-member group which will present a sophisticated satirical program of dance pantomime.

Following on Nov. 18 will be the appearance of American Edmond Karlsrud, recitalist, oratorio soloist and frequent guest artist with symphony orchestras.

Boys' Choir To Return

On Feb. 9, the association will present the Tucson, Arizona Boys' Choir, directed by Eduardo Caso. One of the most popular groups to appear here in the community association series, the choir will be heard in a program of classics, carols, folk songs and western music. It was featured during the 1955-56 Community Concert season.

Philippe Entremont, young French pianist, will present the final concert in the 1963-64 series on May 5.

Honley, who is serving his second term as president of the association, said informational letters and membership cards will be mailed to over 700 persons about Oct. 15.

Included will be information concerning community concert series in Alton and Belleville, which Tri-City association members may attend through reciprocal agreements with these two organizations.

The concert association here completed its most successful membership campaign since 1959 last spring, with more than 250 of its 700-plus members being renewed.

Sewage Plant Reports For GC Due Next Week

A section of State street will be barricaded over the weekend to prepare for blacktop resurfacing operations which are scheduled to start Monday morning. It was announced at noon today by Police Chief Raymond Willard.

Parking and traffic will be prohibited from 18th north to 23rd street, the section where old TTE trolley tracks have been removed.

Chief Willard said that the five blocks will be posted, and vehicles found parked in violation of the temporary parking ban will be towed away.

Hefferly Named To Draft Board

Appointment of Joseph E. Hefferly to the Quad-City draft board, to fill the vacancy created by the death of John Kinneman, was announced yesterday by John H. Hammack, state director of the Illinois Selective Service System.

Hefferly, a past commander and current service vice-commander of the Granite City Post 53, Disabled American Veterans, is a world war II Army Air Force veteran with service in the Pacific Theatre.

He resides at 2632 East 28th street and is employed as general supply officer with the Emergency Supply Control office, St. Louis.

He will serve on Draft Board 167 with William F. Smith, who is chairman; Lester Cook, Warren Grudich and Herman Droege.

\$200,000 Building Permit Issued For Imperial Motel

A \$200,000 construction permit for the new 40-unit Imperial Motel at the intersection of Benton street and the new Sanitary Water Board is morning by City Building Inspector Earl Bloomquist.

The permit was obtained by James Crab of Belleville, representing the National Motel Construction Co., 400 Construction, of Englewood Cliffs, N. J.

Bloomquist said that while no date was set for the start of construction, he had been informed by Mrs. Joseph Gerbie, operator of a tavern, that the tavern building on the construction site is to be vacated by Sept. 20. An old frame tavern structure on the corner now is in the process of being razed.

Construction plans call for a multi-storied building with 40 rooms and 40 baths. There also are to be parking facilities and an swimming pool. The new Imperial 400 motel will be a block away from Granite City's downtown motel, the Travelodge at 19th street and Cleveland blvd., which was completed early this summer.

Need For Bond Attorney Stressed By Committee Chairman, Members

Urgent need for appointment of a bond attorney to prepare legal work for the forthcoming bond issue for construction of a sewage treatment plant was stressed Monday night by Alderman Charles Moerlein.

The alderman, who heads the council's special Pollution Study committee, said the work of the fiscal agent is being delayed, because of the mayor's failure to name the bond attorney and a bond counseling firm.

Reporting to the committee on Monday night, Moerlein said his committee had met with Mayor Davis early on the evening of Sept. 3 council session urging the naming of a bond attorney. Mayor Davis did not attend the chairman meeting.

Dec. 1 Deadline Near

"The mayor apparently changed his mind, and we don't know what he plans to do," Moerlein said, pointing out that the Dec. 1 extension deadline set by the State Sanitary Water Board is approaching rapidly.

At the time of the appointment of the special committee, representing the mayor said he would recommend the hiring of former council attorney John Gitchoff as the bond attorney.

Last week, Moerlein requested a caucus session of the council and interested persons be called the week of Sept. 15 for presentation of the initial report of the treatment plant engineers and fiscal agent. However, no date has been set.

Mayor Davis informed the Press-Record he would be submitting the name of a lawyer for the city bond attorney post at next Monday night's regular council session.

"I was talking to a number of lawyers, and I haven't decided yet which one will be offered to the council," he said.

It is unlikely the mayor will call a caucus session. "The report is preliminary and can be given during a regular session," he said, adding that the report by aldermen for caucus sessions has not been sufficient to warrant the call.

2 More Oaklawn Homes Entered

Two more home break-ins reported Monday evening to Granite City police.

John Schaffner, 35 Oaklawn drive, reported glass and aluminum sliding doors at the rear of his home were pried open between noon Sunday and 7:50 p.m. Monday. Taken was a small bank containing \$4.

At the home of Keith Jackson, 22 Oaklawn drive, a rear bedroom window was pried open to gain entrance and two bedrooms were ransacked. The break-in occurred between Friday and 3:30 p.m. Monday. It was not determined if anything was taken.

Two persons were injured in a three-car accident at 4:15 p.m. yesterday at 20th street and Madison avenue.

The cars were Mrs. Nellie Johnson, 40, of 2220 Ohio avenue; Earl Johnson, 40, her husband; and Bill Murphy, 27, of the same address a passenger.

Mrs. Johnson was unconscious when taken to St. Elizabeth's Hospital. Her nose was swollen and bleeding.

Her husband, who also was admitted, had a laceration to the mouth and numbness of the left leg.

The other cars were driven south on Madison avenue by John E. Hadley, 17, of 1537 Third street, Madison, and Perla Tsigolourou, 45, of 3420 Lydia lane. Mrs. Johnson, who was headed west on 20th street, was charged with running a red traffic light.

Three persons were injured in an accident at 3:35 p.m. yesterday at West 24th street and Illinois avenue.

They were Frank Miranda, 73, of 615 Salver street, Venice, driver of one of the cars, and Sharon Lehman, 19, of 2113 Logan avenue, a passenger in a car driven by James Lehman, 20, of the same address.

Miranda was admitted to St. Elizabeth's Hospital with chest pains. Both cars were damaged. Miranda, who was driving on 24th street, was charged with failing to yield the right-of-way.

Verna Barlow, 45, of 2704 Saratoga avenue, complained of injury Monday following a two-car collision at 24th street and Delmar avenue. Police said she was a passenger in an auto driven west on 24th street by Ernie Barlow, 74, of 2132 Adams street.

The other driver was Florence Novosel, 35, of 2566 Spalding avenue. She was charged with the left side of the Novosel auto and to the right side of Barlow's car.

Granite City has a fire truck so old it's wanted as a museum piece.

Don't worry, this relic—a 1922 model made by the American LaFrance Co. of Elmira, N. Y.—hasn't answered a fire alarm in several years. Mue model equipment has been overhauled and old No. 1 just sits quietly in the city's fire station.

Not that the isn't capable. Frank Graf, currently assigned as chief at the Namekoi station, said he'd still run it if there was gas in the tank and a new tire or two.

But the gas has evaporated and the tires are going flat.

Now there are two parties who want to restore this grand old lady to her glory of the roaring 20s.

Werner Denies Charges Of County Home Nurse

Charles Werner, chairman of the nursing home committee of the Madison county board of supervisors, denied charges made by Mrs. Julie N. Boyer, RN, of Wood River, who resigned as director and administrator of the nursing home.

Werner, assistant supervisor of Nameck township, was questioned by other members of the board at a meeting Tuesday morning at Edwardsville.

Mrs. Boyer had complained of a lack of help, supplies and cooperation by the committee and said she was merely a figure head without authority to properly conduct her duties.

She also charged that she had been promised a contract after a three-month probationary period, but that her appointment, made by the committee, had never reached the county board for approval. Mrs. Boyer, appointed that December, also charged that Werner made all of the purchases of food for the home without competitive bids, and that she was permitted to purchase drugs only where there was an immediate need.

"No Foundation"

Werner told the board that charges contained in her letter of resignation have "no foundation." He suggested that Harold Landolt, board chairman, appoint an investigating committee, but no action was taken on this.

He admitted that he made the food purchases, but only "to take the load off the nurse," Werner, a member of the committee for seven years, said the home administrator had never been given a contract. He added, however, that he was advised that a contract is in order "so the next nurse we hire will have a contract."

In defense of Werner, one board member remarked that apparently Mrs. Boyer did not like her job and should quit. He indicated it was a reflection of the times "where people are no longer hungry."

Landolt ruled that the board had not acted on the appointment, it was not necessary to act on the resignation which took effect on Tuesday.

County Building Totals \$1,343,750 For August

A total of 98 building permits authorizing construction of buildings estimated to cost \$1,343,750 were issued for unincorporated areas in Madison county during August. It was shown on the monthly report filed at Edwardsville by county building official Charles J. Franzen.

Included are two churches, one of which is the Lutheran church to be erected along Stratford lane. The other is a Mormon church to be erected north of Alton. Construction value of the churches was set at \$208,000.

The construction covered by the August permits is \$244,400 less than under the 110 permits issued in county areas during July.

Sixty-eight of the building permits issued for August were for residences estimated in value at \$1,046,100. Others were for garages and additions valued at \$41,100 and six for business and commercial buildings worth \$34,500.

Professional Group Ready For UF Drive

Leo Konzen, chairman of the Professional Division of the United Fund, announced this week his division is the first to be completely organized for the 1964 campaign.

Heading the division's various sections are: Dr. Irvin Wiesman, chairman, and Mrs. Norma Mader, vice-chairman of the medical section; William Beatty, chairman, and John Gitchoff, vice-chairman of the legal section; Dr. Vasil Vasileff, chairman of the dental section, and Mrs. Fannie Epstein, chairman of the other professional section.

Dr. Wiesman and Mrs. Mader are serving in same capacities for the second successive year. Last year, they collected \$4033 or 120.7% of their quota.

Beatty had worked for the legal section in 1961 while Gitchoff is serving for the first time.

Dr. Vasileff worked in the dental section in the 1961 and 1962 campaigns.

Believed to be the eldest worker in point of continuous service, Mrs. Epstein has served since the old Community Chest began 25 years ago.

This is the third successive year she has headed the other professional section. In the 1963 campaign, her section delivered \$1012 or 93.8% of its quota.

Enrollment of workers in the other six divisions is expected to be completed soon. The 1964 campaign will be opened officially on Oct. 15.

Short Named To Legion Post; Dance Planned

Donald Short was named junior vice commander of Tri-City American Legion Post 113, during a meeting Tuesday night. He succeeds Richard McCulla, who resigned.

Wilbert Nierper was appointed sergeant-at-arms to succeed Short. The post made plans for a free orchestra dance on Columbus day, Oct. 12.

The post voted to meet with the auxiliary on the fourth Tuesday of each month. The junior Legion baseball program was discussed and was deferred until the district meeting.

In membership campaign, Donald Cooper, senior vice commander, reported that 45 members are on the rolls for the new year. The quota is 465. A. Burt Harris reported on the national convention held recently in Miami. Refreshments were served after the meeting.

Branch PO For Downtown GC Appears Slim

Downtown Granite City apparently will not have a branch post office.

Chester L. Baker, president, told the Tri-Cities Chamber of Commerce board of directors Tuesday night that there is little chance the Post Office Department will allow a branch post office to be located in downtown Granite City.

The new facility, which is scheduled to open late in the year, is located five blocks from the present post office.

Contract Station Unsuitable
Baker indicated that a contract sub-station in a downtown street, an alternative plan suggested by the Post Office Department, would be unsatisfactory. Such a station would not provide lock boxes or trained personnel.

Donald L. Swanson, Chicago regional post office director, wrote Baker: "It would not be economically feasible to establish a classified station in downtown Granite City since the new post office will be located three blocks from the central business area. However, if there is continued public demand for a post office in the area, we will be glad to consider establishing a contract station."

Since that negative letter of Aug. 22, there has been no further communication with the department.

In other business, Howard W. Kaseberg told the Chamber board final plans have been made for the 18th Annual Business Industry-Agriculture Dinner scheduled for 6:15 p.m. Tuesday at the Granite City high school. Speaker will be Dr. John B. Claar, associate director of extension in the College of Agriculture, University of Illinois.

County Board Opposes Bi-State Bus Fare Changes

The Madison county board of supervisors passed a resolution opposing proposed bus fare adjustments by the Bi-State Transit Co. during a meeting Tuesday at Edwardsville.

It also adopted a resolution opposing legislation in Congress which would exempt Bi-State from control by the Interstate Commerce Commission.

Adjustments in fare including increases, are to take effect Oct. 1. Bi-State Transit has set a flat 25-cent fare.

Wilford Sussens of Fort Russell township, chairman of the judiciary committee which presented the resolutions, said there have been no public hearings to permit the public to be heard on the matter and that there has been no explanation for the basis of the fare increases.

He also said that there is no assurance that earnings from the transit operation will not be used for other purposes which would not be in the public interest.

Sussens urged board members to write to the members of Congress from Illinois asking them to vote against the bill pending in Washington.

Judges Salaries

The board approved supplemental salaries of \$1500 a year for each of the four associate judges effective Jan. 1. They are Probate Judge Austin Lewis, County Judge Michael J. Ryan, Granite City Judge Fred Schuman and Alton City Judge L. H. Streper.

The four will become associate judges when the new judicial system takes effect the first of the year. They will receive \$17,500 a year from the state, according to the new judicial provisions which permitted county boards to add the supplemental amount.

John L. Frisby Dies, May Have Taken Pills

John Lewis Frisby, 60, of 122 Caracore Homes, Madison, was found dead in his bed about 7:30 a.m. yesterday by neighbors after he failed to make his usual early appearance.

The woman who called Madison police said she and two other neighbors found Mr. Frisby. He is believed to have died sometime during the night from an overdose of tranquilizer pills. An inquest will be held.

Police said a half-empty pill bottle, thought to have been used earlier, was found on a night table. Nearby was a note which police said indicated suicidal intent.

A preliminary study by police showed that his wife, Betty, died just eight days ago and that he had been in ill health and under medical care for a 15-day period. He was last seen alive Tuesday evening.

Mr. Frisby was born in Grand Tower, Ill., and had lived in Madison 30 years. A chauffeur, he had been retired nine years.

Survivors include a daughter, Mrs. Mildred Page of San Bernardino, Calif.; three stepchildren, Mrs. Essie Delaney and Gen. Robinson, both of Granite City, and Jim Robinson of Texas City, Tex.; a brother, Elmer Frisby, Madison; a sister, Mrs. Elizabeth Ledbetter of Knox, Ind.; and two grandchildren.

Funeral arrangements are given in today's obituary section.

The Education Committee reported that the Business-Industry-Education Day, which has not been held for several years, may be revived. This is a day when school teachers are taken to various area business firms and service organizations.

Annual Banquet Planned
Plans for the annual Chamber of Commerce banquet meeting are being formulated at the Hotel Steele as chairman. He is trying to contact a nationally-known personality as a speaker. The program probably will be held next month but the final date depends on the availability of the speaker.

Mayor Leonard Davis told the board the Illinois Division of highways has proposed dropping two sections of road as state routes here. The first is a section of Route 200 from Edwardsville road to Madison avenue, now part of Route 674; the second is a section of Route 200 from N. Main to 20th street.

The local chamber will sponsor a course on better business practices for the business community. The course will be held at the Chamber of Commerce, 24. A delegation from the Chicago Association of Commerce will be in the city for the Granite City chamber recently visited two hawks.

Granite City is the northernmost harbor open to Chicago in winter (via the Illinois River).

Rant also reported the harbor road has been finished and bid work soon be asked for railroad tracks to serve the harbor.

Plans For Treatment Plant
G. W. Hoelscher, chairman of the Sewage and Drainage Commission, said the city is planning a \$100,000 treatment plant for the city of Sheppard, Morgan, and Schwaab is preparing three plans for the sewage treatment plant to be submitted to the city council.

Nameoki Sewer System Grew, And Nobody Knew!

An extension to the Nameoki sanitary sewer system outside the city limits and not shown on any city map perplexed city council members during a meeting Monday night.

The chairman indicated they would ask the council next week to reconsider last week's rejection of a connection for a new home built at 1701 Bremen avenue.

Valencia appeared before the council and said the extension of the sewer line in the alley a few feet from his property would set the total salaries at \$19,000 a year.

Circuit judges will be paid \$20,000 a year by the state. Judge Schuman told the board that the associate judges will be required to do the same work as circuit judges and should receive the same salary.

He noted that currently the county is paying the probate and county judges \$24,000, or \$12,000 each, an expense which will be eliminated.

Hire Curator

Edson Smith was appointed as the new full-time curator of the new county historical museum at an annual salary of \$2400, and Mrs. Louise Abrams of Edwardsville was named assistant curator at a salary of \$1200 beginning Oct.

The board authorized the education and historical committee to obtain applications for a janitor and maintenance man for the Weir house museum.

The board approved township road and bridge levies and appropriations which included National Road, 12.5 cents; Venice, 12.5 cents and \$32,848; and Chouteau township, 17 cents and \$42,000.

The county jail committee reported that it is considering converting to gas heat since difficulties are being experienced in repairing a smoke stack. But it was authorized to advertise for coal bids in the event the switch from coal to gas is not made.

School Directories

Seven bids for 2500 county school directories were rejected, and the printing and town accounts committee was authorized to call for new bids. The low bid was \$225 by the Advertiser Press of Collinsville which proposed offset printing. Specifications for the directories called for printing and the other bids were based on letter press printing.

Ninety-eight building permits were issued to residents of unincorporated areas of the county during August, including 68 new homes, representing a total value of \$1,345,750. It was reported. The county collected \$1840 in fees.

Four racing permits were issued to the Tri-City Speedway and two to the Alton Dragway for the month with fees totaling \$120. Fees for the year total \$1100.

The board heard a complaint that monthly financial reports have not been received from Justice of the Peace Harry Hartman for June, July and August as required by law. Milton Allen, chairman of the county officers committee, said the reports were prepared but have not been audited.

St. Sewage presently goes into the Mississippi River.

C. E. Townsend, chairman of the Industrial Development Committee, reported that his group has contacted several firms on the possibility of locating plant here.

Wood River Township Chamber of Commerce is proposing a county-wide industrial development corporation, the proposal was referred to Townsend's committee for consideration.

Mitchell Association Annual Fall Festival Set Sept. 21

A date for the annual "Fall Festival," sponsored by the Mitchell Park & Athletic Association was set for Sept. 21, it was decided Tuesday night at a meeting of the association, held at the Mitchell Park.

The festival, which will run from 1 p.m. to midnight, will be held at the Bella Vista grounds, 5200 N. Main street.

It will feature a chicken supper, and at 7 p.m. awards will be presented to teams and individuals taking part in the summer baseball program for boys.

At 7:30 an hour-long variety show will be presented.

The association also is planning a concession stand, rides and games.

Funds realized from the festival will be used by the association for co-sponsoring the baseball leagues, sponsorship of an Explorer Scout post and junior and adult bowling teams and other recreational activities.

During the past summer about 200 boys participated in the baseball program.

Tuesday evening's meeting was attended by 15 members. Bill Norris is president of the association.

"Our firm has signed a 47-year lease on 65 acres with the Post District," he went on. "There can be any combined river, rail, truck and transfer facilities which, in turn, will allow us to quote shippers a through rate from place of origin to destination. This is a distinct advantage."

"I would like to impress all of you with the importance of being able to do this, and also with the great job that is being done by the Post District executive in about thirty years."

"You have a wonderful opportunity here if you help out and work at it," Capt. Brown continued.

The speaker was introduced by Marvin Henderson, program chairman, and President James Louis reminded Rotarians that the governor will pay an official visit to the club Tuesday, Sept. 17.

A preliminary report on the Horse Show indicated current receipts are about \$200 and expense of \$1600. After a final accounting, all net proceeds will be devoted to community projects, has been the policy.

The United States Department of Defense was created on September 18, 1947, placing the Department of Army, Navy and Air Force in a single executive department.

Report Of Shooting Was 'False Alarm'

An anonymous call made to police headquarters by a woman reporting a shooting, resulted in Granite City police sending a squad car and an ambulance to a home in the 2700 block of East 24th street about 12:05 p.m. Tuesday.

However, police found the supposed elderly victim intact and without a wound. They reported there had not even been a disturbance at the home. The man said it apparently was the work of a prankster.

Police labeled the emergency run as a "false alarm."

"NEW DIMENSIONS in Space Age Construction" will be the topic of Gen. Thomas J. Hayes III, who will speak at the Granite City Army Depot next Monday.

Four Hubcaps Taken

Theft of four hubcaps off his 1963 auto while it was parked in the 1800 block of Edison avenue between 8 a.m. and 5 p.m. Monday was reported to Granite City police Tuesday morning by Robert Verbeek of Cahokia.

Kent-Reber Sues Stolze Lumber Co. For Half Million

A suit for \$250,000 actual damages and \$250,000 punitive damages was filed this week in Madison county circuit court by Edwardsville by the Kent-Reber Real Estate Co. against Stolze Lumber Co. Both are Granite City firms.

The realtors charged that the Stolze firm tried maliciously, wrongfully and unlawfully to injure or destroy their business and credit reputation.

The complaint said that the real estate firm had borrowed money to develop buildings in Granite City and in O'Fallon and had purchased building materials from Stolze, for which it owed about \$50,000.

Stolze, a filed mechanic lien claims against Kent-Reber on or after Aug. 15 in the offices of the Madison and St. Clair counties recorders for more than \$185,000 upon various properties developed by the firm.

The complaint said that the defendant "should or did know that said liens were false and maliciously made in order to injure or damage the plaintiff since it has executed numerous mechanic lien waivers pertaining to all or most of said properties upon which it alleged said liens."

The defendant threatened that it would put the plaintiff out of business within three days unless all of said monies allegedly due it were paid, and that consequently, with the malicious intent of endeavoring to destroy the plaintiff, the said mechanic lien in amounts several times in excess of and more than due the defendant from the plaintiff on the said properties were filed."

The complaint also charged that the Stolze firm "maliciously" contacted loaning institutions with whom the realtors were dealing, warning them of the liens and suggested that further loans should be curtailed.

Kent-Reber has been unable to continue to operate its business as before, the complaint continued, and has and will lose large sums because of its failure to obtain loans on properties listed in the liens.

SIU Given Air Force Missile Launch System

A \$250,000 missile launch simulator system has been given Southern Illinois University, Carbondale, by the U.S. Air Force for use in technological research and instruction.

Previously used by the Air Force at Lowery Air Force Base, Colo., the system includes instruments used to train missilemen in all phases of launching, from blast-off to destruction of a missile in case of a malfunction.

Gary Paulson, assistant to the dean of the SIU School of Technology, said the system will not be used for such training as it was designed but will be valuable in various phases of technological research. Many of the system's components also will be useful in research in other areas now underway or planned at Southern.

"We consider it a very valuable gift."

The system consists of eight console instrument units with multiple electronic control panels, "umbilical cord" cables such as those connecting controls to a missile on the pad ready for firing and related connecting units.

Console instrument units include a flight control system programmer, autopilot and actuator controls, flight control gyro system and a re-entry vehicle control system. The system was manufactured for the Air Force by the Martin-Marietta Corp., Denver.

Paulson said the system was not designed for use in actual missile launching, but for simulating launching and flight conditions for training missile technicians.

GC Carpenters Seek Pay From St. Ann Firm

Two Granite City carpenters may take legal action in St. Louis to recover wages allegedly owed them by Nation-Wide Life-Line Homes, Inc., of St. Ann, Mo. The carpenters were identified as Leo Wolf, 2111 Delmar avenue, and Harry Phillips, 2101 Lynch avenue.

A spokesman for the Madison County District Council of Carpenters said they and a third carpenter, Carl Hodson of Edwardsville, are owed about \$450 for work on homes along Bend road near Horseshoe Lake.

A lawyer is checking into the chances of recovering the money through court action.

Other carpenters were not paid by the firm for a Bethalto job but an Alton loan company held back part of a Nation-Wide payment to pay off the workers.

The three carpenters reported to the council they were paid in part by checks that were not cashed. When they went to the firm to have the checks cashed, they were refused.

Owner of the firm is Robert Woodring sr., whose firm is presently being held in litigation for running guns, ammunition and money to rebel forces there. The son, Robert Woodring jr., also is wanted by St. Louis county police for the alleged forging of a \$45,000 check against Nation-Wide and for taking \$34,000 from the company funds.

MECCA Hears Reports On U. S. Air Pollution Study, Bi-State Transit System And SWIPC

Air pollution, the Bi-State Transit System rate changes and selection of an executive director of the Northwestern Illinois Planning Commission were major topics Monday night of the meeting of Metro East Chambers of Commerce.

The meeting was held at the Tara Supper Club near Alton with Paul H. Lichtenberger, president in charge. In attendance were 19 representatives of Illinois Chambers of Commerce.

The members were told that "Phase Two" of the Interstate study of air pollution by the U. S. Public Health Service now is under way to pinpoint sources of pollution. "Phase One," which determined air pollutants was completed in July.

Under Phase Two, the agency, which has 46 testing stations in the metropolitan area, will determine the sources of the pollutants. It is expected to take several years to complete.

Questionnaires To Industries

Questionnaires are being sent to all industries in the highly technical study, it was reported. The report on the Bi-State Transit System was given by C. E. Townsend, Press-Record editor and publisher, who is a member of the Missouri-Illinois Bi-State Development Agency board.

The purpose of the Oct. 1 rate adjustments, he explained, is to put the system on a sound economic basis, and that the system which consolidated 15 smaller transit systems is now in a transition period.

In the transition, duplicate services has been eliminated and with the combined system, salaries of many drivers were increased so all would be on the same level.

It was pointed out that at the time of the merger, a number of

the smaller bus firms were on the brink of collapse.

Changes Made

Townsend stressed that the Bi-State Transit System eliminated transfer charges and sold month-to-month tickets for less than some for more. The cost is based on the cost of providing service, he said.

Opposition to the Oct. 1 rate adjustments, he said, is being carried out in some communities by politicians for political reasons.

The proposal before Congress to exempt Bi-State Transit system from control by the Interstate Commerce Commission would involve only 5% of the system's operation.

Charter service, it was explained, is being carried out on a uniform rate, with all requests treated alike. In the past, the smaller bus firms made special tax-deductible concessions to certain groups. The Transit System has the same rate for all groups.

MECCA also took action to advise the newly-formed Southwestern Illinois Planning Commission on selection of an executive director.

Representative Named

Named as representatives of the MECCA group were Harold Dobry, manager of the Tri-Cities Chamber of Commerce, and Francis Kaar, executive director of the Greater Alton Association of Commerce.

MECCA was invited by Sen. Paul Simon, creator of the SW Plan Commission, to take part in the selection of the commission's paid director. The MECCA representatives, however, will not have a vote.

Cities Attendance Problem

"One of our problems has been that a portion of the membership has not been attending the concerts as regularly as we would like," Henley said.

"With this in mind the association board this season is presenting a series which we feel will be attractive to most of the members. In addition to this, we're trying to get as much information to our members as early as possible, since families are making fall and winter plans now and we'd like to be included."

Henley continued: "It's difficult to please everyone, but we feel that members who miss any of this season's concerts will be missing a good show."

"And with the agreements our group has with the Alton and Belleville associations, the membership fee is a small price to pay for top-flight entertainment."

While memberships for the 1963-64 concert season here are closed now, Henley said concert goers who find unavoidable conflicts on performance dates will be urged to pass along their admittance cards to non-members.

"We have an eye on potential members, too," he said.

Numerous requests for the inclusion of a dance group in the concert series, a type of entertainment which has not been presented by the association here previously, prompted the concert board to choose the Neller Flaherty company as the curtain-raising attraction this fall.

"The Tuscon choir was the best-received of any group of its type here seven years ago; its reappearance during the coming season is in answer to a number of requests also," Henley revealed.

Community Concert audiences here over the past several years have been averaging from 300 to 400 persons, sometimes considerably less than total membership.

"Nevertheless, we get frequent comment from the performing artists that audiences here are above average in musical knowledge, attentiveness and appreciativeness," Henley said.

Korean Traces Nation's History In Talk Here

Rev. Han Yong Sun of Seoul, Korea, who is studying in the U. S. for a doctorate degree preparatory to teaching at a seminary in Korea, discussed the history of his country at yesterday's Madison Rotary meeting. He said Korea has been invaded by 40 nations through the centuries, and commented that the military takeover in South Korea in 1960 was necessary due to Communist infiltration.

North Korea still is sending many agents in an attempt to "unify" Korea, he said, adding that the major southward movement was due to the fact that Koreans value freedom so highly that they were willing to give up all their belongings. Although smaller than the Red section, South Korea—half as big as Kansas—has 26 million people.

North Korea's nine million the club was told John Sedlack and Rev. Eugene Beasley were program chairman.

Rev. Sun showed slides of Korea last night at the Madison Methodist Church.

Band Parents Learn Dates Of GC Concerts

The first meeting of the season for the Band Parents Association was held Tuesday evening in the band room of the Granite City high school with Louis A. Van, president, presiding.

Band concert dates were announced as Dec. 12, Jan. 16, Feb. 20 and April 2. Van also reported that the band plays about 70 public performances during the school year and these include appearances at many civic affairs.

About 30 parents attended, and heard Band Director Louis Meek explain to the new sophomore parents the purposes of the organization. The new parents were then introduced.

Plans were made for a pot luck supper for a later meeting in the season.

The next meeting will be held Oct. 8 in the band room.

Kerner Says No Park For 2 Years; Suggests Tax District

Gov. Kerner gave no encouragement a proposed conservancy district in agency Tuesday to a delegation of Madison-St. Clair county residents of a 1000-acre lake which tents went to Springfield also would be part of a flood confeder on creation of a state park.

Gov. Kerner told the group, that also included Edwin Reiske, president of the Tri-Cities Chamber of Commerce, and H. D. Karand, local banker, conferred with the governor for an hour and 30 minutes with no avail.

They were told by the governor that he is endeavoring to maintain a balanced budget, and that the only hopes for development of the proposed 773-acre park would be either an allocation of federal funds or the establishment of a two-county "conservancy district" with taxing powers.

The original Horseshoe Lake State Park Commission, headed by Karand, recommended in 1957 that the area be developed at a cost then set at \$3,304,350. An alternate proposal for a 370-acre state park, including all of the lake, was estimated then to cost \$3,104,350.

Bill still in Congress

Congress still has in committee a bill which would allocate \$25,000,000 for development of parks and recreational areas throughout the nation. Karand said he was advised this week by Cong. Melvin Price.

Planning Commission Reviews Applications

The executive committee of the Southwestern Illinois Metropolitan Area Planning Commission reviewed six applications from nearly 40 resolved for appointment as the executive director of the commission during a meeting Monday at the Holiday Inn motel.

The applications were received by the Illinois Board of Economic Development, representatives of which conferred with the committee. It will be the responsibility of the commission to employ the executive director, which also is to take charge of funds now under the jurisdiction of the economic development board.

Some members of the com-

mittee felt that the annual salary should be \$16,000 to \$18,000 as an adequate amount for serving the two-county area. Salaries of the applicants reviewed at the meeting ranged from under \$10,000 to nearly \$17,000. It was noted that the executive director of the Northeast Illinois Planning Commission receives \$32,000 a year.

A draft of proposed by-laws for the commission was submitted by Alton May of Alton, president of the commission. They are to be discussed at another meeting at 7:30 p.m. Sept. 26 at the Holiday Inn.

The committee also is to advertise for agents to bond three of its members so that funds can be drawn.

Madison Kicks Off Campaign Against Visiting Tigers Friday

GC Pioneers Inaugurate '63 Season On Saturday

Edwardsville Favored In Home Opener For Trojans

How valuable is beef these days?

Edwardsville high school football coach Benny Iselhardt should get the answer to that question, among others, when his club visits Madison tomorrow night in the gridiron opener for both teams.

The Tigers will outweigh Madison by slightly better than 22 pounds per man in the offensive lineups, and are big this season, even by Southwestern Conference standards.

The Bengals, who had a so-so 4-5 season last fall, are being touted as dark horses in the SWC this year, with football buffs looking for big things from one member of Iselhardt's squad in particular.

He is 227-pound fullback (sometimes end) Bob Hoskins, who could be the best runner from that position in these parts since Tony Penitton tore up and down opponents' gridirons two years ago.

Coach Glen Pickering's obvious goal is how to stop Mr. Hoskins, who has run rougher over his own teammates in pre-season scrimmages.

Just how successful the Trojan defense proves to be in this one task could have a lot to do with keeping the Greenies in the game tomorrow night, but Pickering himself admits that a Madison victory would have to be classed as an upset.

"It looks like we're just too thin in our defensive lineups to hold them," Pickering said, noting that about 15 members of his entire squad will be in the game tomorrow night, and that all players will be called on to deliver most of the effort on both offense and defense.

Big Tiger Line

Behemoths in the Tiger offensive line are 230-pound senior Terry Johnson at center and Don Spencer (224) at one end. "Little guys" by comparison are junior guard John Hartman at 220, tackle Bob Senn at 210 and center Charles Hall at 205.

Iselhardt has always favored the passing game over the three yards and a cloud of dust routine, and last year had a fine aerial playmaker in quarterback Larry Schenke, who graduated. Stepping in as senior letterman Rich Noll, whose experience was almost entirely on the defensive side last fall.

This At Quarterback

Noll threw four passes and completed one during the entire 1962 campaign. That, coupled with the lack of any experienced reserve quarterbacks (junior Jerry Pendergrass reported late and will not be eligible to play Friday, and sophomore Brad Kane and Jan Poneta have never played varsity ball) would make the ground game Edwardsville's obvious choice tomorrow night.

Searching about for any other chinks in the Tiger armor, about the only obvious one found is the announced absence of senior end and co-captain Gary Campbell, who sustained a knee injury last week while practicing. Reserve halfback Corky Wahl will be out for the same reason.

Pickering said he will have everybody on his squad in shape to play with the exception of guard Tom Miller, who has a back muscle strain and may play defensively.

Solid, if outweighed, in the middle of the line anchored by defensive specialist John Onesty, a 211-pound senior tackle Madison will be trying its hand with some inexperience evident in the backfield and at end.

3 New To Lineup

Untried sophomores Alton Rendell (end) and Paul Lusk (fullback) will be playing in their first varsity game, as will senior end John Summers, playing his first and last year of high school ball.

Four Tavern League

Teams In Playoffs

On Sunday Morning

Four surviving Tavern Softball league teams will collide Sunday for the right to meet the following weekend in the finals of the slow-pitch loop's playoff championships.

League champion Polish Hall is scheduled against Bowland Lanes at Lee Park in Venice, while Sportsman's Club, winners of a second place playoff against Bowland, will tackle Venice-Madison Legion Dugout at the Third street diamond in Madison. Game time for both contests is 10:30 a.m.

The two winners Sunday will meet in a single playoff championship game on Sept. 22.

GC Archery Club To Hold Handicap Shoot

The Granite City Target Archery club will hold a club meeting and indoor handicap shoot at 7:30 p.m. Sunday at the YMCA.

The new organization has elected Carl Foster as treasurer, with other officers to be named later.

Granite City Sacred Heart and the Troy Red Birds will compete for the last unclaimed playoff berth in the Southwestern Illinois Inter-City Baseball league Friday in an 8 p.m. game to be played under the lights at Fletcher Field, Collinsville.

In case the Hearts and Troy are rained out tomorrow evening, their games will be rescheduled at Moonlight Field in Troy at 10 a.m. Sunday. I-C officials decided during a league meeting Tuesday night in Collinsville.

Survivors of Sunday's "sudden death" first-round playoff games will advance to single-

1963 FIGHTING WARRIORS, who will put new multiple offense to the test for the first time Saturday afternoon when they travel to East St. Louis to battle with Assumption's Pioneers. First row (from left) Joe Hill, Joe Hauptman, Jerry Line, Chuck Mizerski, Nick Petrillo, Ron Yates, Bob Pyle, Ernie Kern, Eric Robertson, Mike Rousseau, Jack McKeon and Jim Nash. Second row (from left) Joe Nemeth, Roy Snelson, Doug Winfield, Randy Siegelmeier, Phil Minner, Jerry Lybarger, Tim Gibson, Mike Mounce, Norm Wilfong, Tom Craycraft, John Evenden and Danny Messey. Third row (from left) Ron Lombardi, Ricky Whitsett, Tom Morsky, Larry Anderson, John Pomeroy, Nick Ryan, John Love, Randy Thompson, Bill Pates, Harry Briggs, Ted Wasylak, Ethan Allen and Bill Evans. Fourth row (from left) Jerry McNamara, Rick Reubach, Don Patrick, Keith Talley, Dave Gray, Gary Gann, John Voyles, Leo Kalpis, Lloyd Summers, Craig Garin and manager John Turner. Back row (from left) manager Ron Selph, Terry Turner, Bob Nash, George Wolfe, Norman Bennett, Richard Mason and manager Dennis Johnson.

Hearts, Troy Will Battle For Playoff Berth On Friday Night

Inaugurate '63 Season On Saturday

An all-senior lineup which has prided itself on the ability to stop the reserves in pre-season practice will face Granite City high school's football Warriors Saturday in East St. Louis.

Hard-nosed Assumption, which has always stressed the defensive game under a 2-year veteran coach George Mertz, will test the Warriors' new diversified attack in a 2 p.m. game of Parsons Field.

Mertz and his players still taste a 13-12 loss to Granite City here in last year's first game, and most of the boys who witnessed a touchdown punt return by halfback Nick Petrillo in the final minute of play are still around the Pioneer dressing room.

Both Clubs Pout "Tip"

Winners only against St. Mary's in a 10-game meet grinder schedule in 1962, the Pioneers are expected to have last fall but one direction in which to go.

Jim Morrison, Granite City's busy new head coach, would like to point his club (2-7 in 1962) in the same general direction Saturday in the unusual afternoon opener which had to be scheduled at 2 p.m. since Assumption has last fall still around the Pioneer dressing room.

It is certain Warren fans will see an interesting — if not winning — football Saturday.

Morrison has installed a multiple offense and designated a relatively inexperienced senior quarterback, Jack McKeon, as his director in the first game.

Morrison says he has no idea of calling the strategy.

The Collinsville transfer shows promise of being good or even great in a number of departments.

Kates Sideline

Joining that pair in the backfield will be Petrillo, co-captain of the club. Probably sidelined Saturday will be the second co-captain, end Ron Yates, whose hand injury makes it virtually impossible for him to function at top efficiency on offense. Jim Nash will replace Yates.

The Warriors will have to be quicker and tougher on defense, since the Pioneers will hold a hefty 10-pound advantage over them in the offensive line. Morrison has hinted there may be surprises defensively.

Mertz is expecting offensively from the Warriors, however.

Mertz doesn't know what to expect from Granite City when they have the ball, Mertz said yesterday, trying to sound serious. "We know this file is good and we're not forgetting this Petrillo boy, either. I still dream about the blocking he did on the touchdown run that won last year's game."

Back To Go Both Ways

George was mum about the defensive ability of his club, but the lineup spoke for him. Seven of the 1962 club's defenders are back in their old positions, led by Ron Eichelberger, the offensive fullback who was a linebacker in the game here last year.

Two years ago, the last time Granite City visited Assumption, it was the Pioneer defensive unit that was the surprise.

In fact, Mertz says he will go with his entire offensive backfield on defense as well. Backs Jim Demaree and Brian Evans will play safety and end, while Demaree will play fullback. Bill Costello will be at an end.

The Pioneer backfield will be made up of about 12 pounds per man to the Warriors' (Hiles weighs 200 and Pyle 195), which would make Mertz's statement, "We lack speed in the backfield," one which probably should be taken with a grain of salt.

Offense Against Defense

Summing up, the things to look for should include the degree to which Morrison's Warriors can make his multiple offense work in their first "real" scrimmage.

Championship 200-Lap Race At Speedway On Saturday

A 200-lap championship race for super modified cars is expected to draw some of the top stock drivers to the Tri-City Speedway here Saturday night for a racing program with a guaranteed purse of \$3500.

The 200-lap main event will be run in two heats of 100 laps each on the speedway's half-mile track. The night's fastest qualifiers will start at the front of the pack in one heat and at the rear of the 24-car field in the other.

About \$3000 of the purse will be distributed among the top finishers in the championship race, with the winner of each heat getting \$500, track co-owner Garland Parsons said.

W.B. Spalding of Granite City, who won both heats of a similar championship event in St. Charles two weeks ago, is expected to be in the field of qualifiers here Saturday.

In addition to the championship event, there will be heat and feature races in the amateur and fender classes. Ten trials are at 7 p.m. and racing will begin at 8:30.

In case of rain or cold weather, the 200-lap race will be rescheduled for the following Saturday, Sept. 21.

Zoillo Versalles of the Minnesota Twins led American League shortstops in double play participation last season, taking part in 127 twin-killings.

GCIS End-Grain Floor To Stay; May Buy Portable Floor For Gym

The Granite City school board decided Tuesday night against replacing the present end-grain pine block high school gymnasium floor with strip maple flooring. Feasibility of a portable maple floor is to be studied.

Consensus of a lengthy discussion was that the original floor in the eight-year-old gymnasium is durable and the type needed in such a building, which is used for physical education classes, banquets, dances and other activities besides varsity basketball practice and games.

A point-by-point defense of the end-grain floor was given by Mrs. Helen Bergfield, office manager, and James Stein, sales engineer of the Jensen-Wright Corp., manufacturer of the floor.

Board members cited the strong opinion of some coaches and students favoring a maple floor, and said most citizens they have consulted favor the replacement of the present floor.

Surveys of local coaches submitted to the board indicated that while they felt sanding and bleaching of the present floor would be too inconvenient at this time, they did not mind the closing of the gym to replace the floor.

Motion To Replace Floor
Board Member Ronald Dillard made a motion for replacement but it failed for lack of a second and was withdrawn. He reported the views athletic department members had expressed to him, and said he has played basketball on both the GCIS floor and in the Prather junior high school gymnasium, which has maple boards.

Opposition was led by Board member Ralph Buske, who cited the replacement cost and an absence of factual evidence to support opinions favoring replacement.

In a 3-1 vote, the board instructed Spauld, Harold M. Kaiser and Dillard to prepare a report on the time and effort required to install and remove the portable floor, the amount of storage space necessary and how soon it would be available. Dillard, President Ralph Fricker and Dan Linder voted favorably, with Buske opposing. Robert Spengler abstained. Secretary George Stidham was absent and Treasurer Monroe Worthen had left the meeting.

Lighten Color At Cost
Mrs. Bergfield said Jensen-Wright is willing to perform the cost of the bleaching, filling, sealing and finishing the existing floor, after sanding arranged by the school district and meeting Jensen-Wright specifications.

Guaranteed maximum cost would be 22 cents a square foot for the entire 10,949-foot gymnasium.

stium—totaling \$2408, not counting estimated sanding cost of \$1100—or 24 cents a square foot if bleachers or other areas of the floor are replaced.

A decision on the program for lightening the present dark floor was withheld pending the study of a portable flooring.

Mrs. Bergfield and Stein cited a government test supporting the density of end-grain gym floors, one of which is being installed by Southern Illinois University in its main gymnasium at Carbondale. They attributed the darkening to dirt and old sealer and said their product darkens no faster than other types of floors providing all receive recommended maintenance.

Injury Rumors
Discussing rumors relating to the gymnasium, Mrs. Bergfield said that while it ended Ned Johnson's professional career, it was because he collided with an unprotected end wall, not the floor. She noted a letter from Ed McCaskey, then an official of the St. Louis Hawks, praising the gym floor.

Board members conceded that new maple floor probably would not stand up under the wear the gymnasium receives, but that existing floor has not received recommended care and that all gym floors have "dead spots" and "high bounce" problems.

Spengler said there had been offers to have a large group of students present to give their views on the floor.

He and other board members said they would vote immediately for replacement if they could find substantiation that the floor contributed to excessive injuries. Spengler concluded that he frankly did not know the best course to take, but that public opinion seemed to be for replacement.

Multiple Use Of Building
Linder said he has incurred wrath by talking at the replacement plan during the summer, but that he would need to see a clear and full statement of why the floor should be changed. He added that while the present floor might not be first choice for basketball, it is the most serviceable for the many purposes served by the gymnasium building.

Buske said that if someone kept asking him whether a particular floor hurt his legs, he would begin thinking that it did hurt them. He said there are as many demands on school funds that the floor should not be replaced "just to suit a few basketball players and coaches."

Dr. Kaiser is to consult with the University of Illinois and the Auditorium, St. Louis, with their experience with portable gym floors.

Soccer Season For Boys To Begin On Saturday, Sept. 21

The YMCA soccer program for boys will begin its third season here on Saturday, Sept. 21, program director and former Olympic player Ruben Mendoza said this morning.

Sixteen teams have signed up for the season in four age groups, with six additional teams needed to fill out the roster of a Bantam division club (ages 11-13). Mendoza said team managers also are needed in the Atom and Bantam age groups.

The soccer leagues will play Tuesday, Wednesday and Thursday afternoon games this fall in addition to morning and afternoon contests on Saturdays. Sundays will be held open to make up rained-out games, the director said.

Little League Oilers

Attend Cardinal Game
Eleven members of the Oilers team from the Nameoki Little League baseball program attended Tuesday night's Cardinal game at Busch Stadium, accompanied by team manager Omar Konk and coaches Fred Rehagen and Thurl Jones.

Players were Jerry Konk, Dennis Kelsian, Jim and John Rehagen, Butch Stephens, Danny Jones, David McKinney, Mike Jones, Gary St. Ivary, Jeff Lyberg and Paul Steinhilber and the batboy was Greg Dickerman.

Red Cross Aiding In Training Astronauts

America's astronauts have been given advance survival training conducted by the Red Cross, Chairman John Sedlak reported during a monthly meeting of the Tri-City chapter Tuesday afternoon. He also cited a heavy U. S. fire toll in lives and property while urging participation in fire prevention programs.

Floyd T. Mitchell, a past chairman, reviewed the role played by the Red Cross in exchange of \$33 million worth of medical aid and food supplies for Cuban prisoners. Including the prisoners, 3703 persons have left Cuba to find freedom in the U. S., he said, adding that a Red Cross official personally assisted in various phases.

The state Red Cross conference Sept. 20-21 in Aurora was discussed by the 15 board members present, and monthly reports were given by Mrs. Ruby Overbeck, executive director, and Mrs. Valerie Evenden and Mrs. Anna Grasse. Plans were made to attend an open house at the St. Louis chapter office yesterday.

opponents (the ministers) want to run taverns out of business while taverns want longer hours. He asked that negotiations be held similar to those which occur between labor and management.

Miller asked Harold Landolt, board chairman and county liquor commissioner, if he had met with both sides at the same time and received a negative reply. Landolt said that such a meeting would be impossible to arrange. But Harold Massa, Collinsville attorney representing the tavern operators, said he is willing to meet with the ministers at any time.

The liquor committee may present a recommendation on the resolution at the next meeting on Oct. 18.

Zoning Reports
Gilbert Killinger, chairman of the zoning committee, announced that the county zoning board of appeals will meet on the first.

Now she isn't used at all. Said admiring firefighter Frank Graf: "Yes, she was quite a truck in her day! Now two groups think her day is still here."

Friday of each month to consider requests, and its recommendations will be in the hands of the board members before the monthly meeting of the board when action would be taken.

He said the plan will expedite issuance of building permits and construction of projects. He suggested that where there are no objections, and where the board is of one mind, a family residence district of the majority of the board be taken for final approval in order to obtain faster action.

Noting that the zoning maps were made three years ago, he also suggested that residents who feel an error has been made regarding their property to contact their supervisors, who in turn should report to the committee. Corrective action could be taken by the appeals board, he said.

Trailer Requirements
Recommended changes in the zoning ordinances easing requirements for trailers in the agriculture and R-3 and R-4 single family residential districts were referred back to the zoning committee.

Under the recommendations, a carport, concrete slab, driveway and skirts around the trailers would be required. It was brought out that some persons in trailers do not have cars so should not be required to have a carport.

A public hearing by the appeals board on a recommendation to authorize permits for construction of homes on lots of 75 feet in areas where lot sizes are

under 9000 or 10,000 square feet was approved.

Eleven recommendations of the appeals board were approved. Granted was a request by Harry A. Biggs, Nameoki township supervisor, representing owners, to rezone property in the township from R-2 one family residence district to R-3, one family residence district.

Special Use
A special use permit was granted to Morris Roney, owner of record, and James C. Green, purchaser, for a two-family dwelling in an R-3 one family residence district in Nameoki township.

A request by the H. W. R. Development Co. for a variation in lot size for property in Nameoki township was approved.

Tracts of land in Collinsville township along the bluffs were changed from R-1 one family residence district to R-2 one family residence district on the request of Lois K. Holsinger.

Purchase of 200 linear feet of culvert and connecting bands for Nameoki township roads from the Highway Supply Co. of Decatur on a low bid of \$339 was approved. It was noted.

A list of election judges submitted by the county chairman and Norman W. Holsinger, county clerk, said the Republican chairman failed to submit a list. The number of patients in the county tuberculosis sanitarium dropped from 52 to 44 during

August, it was reported. Two were admitted, eight were discharged and two died. The county nursing home report showed 59 patients during August.

Motor fuel tax allotments for township roads for July totaled \$16,430, it was reported.

Cong. Price Named On Committee To Study Spending

(Special from Washington)

Congressman Melvin Price, (D) East St. Louis, has been appointed a member of the new select committee to investigate expenditures for research programs conducted by, or sponsored by, the department and agencies of the federal government.

Appointed by Speaker John McCormack yesterday to the select committee, immediately after the passage of House Resolution 504, which creates this committee, was Carl Elliott of Ala. (D), chairman, John Fogarty of Rhode Island, (D); George Miller, Calif., (D); Melvin Price, Ill., (D); Phil Landrum, Ga., (D); Clarence Brown of Ohio, (R); James Cleveland, New Hampshire, (R); and John Anderson, (R).

Control, Coordination
Congressman Price told the House, during consideration of the resolution creating the select committee, that he felt the group's principal undertaking will be to examine the nature of the type of control and degree of coordination between various agencies of the government engaged in research and development.

He said detailed examination of specific programs within various agencies should be within the jurisdiction of the appropriate standing committees. He called upon the standing committees to give every possible assistance to the select committee.

Congressman Price is chairman of research and development subcommittees of the House Armed Services Committee and the Joint Committee on Atomic Energy. Of the total of about 14 billion dollars in government research and development expenditures, 64%, or about nine billion dollars comes within the jurisdiction of these two committees.

Major Changes in School Insurance Methods Studied

Possible major changes in the way school insurance is handled were discussed Tuesday night by the Granite City school board at its Sept. 24 meeting.

Those to be invited are spokesmen for the Granite City Insurance Exchange, described as consisting solely of stock companies, and some to speak on behalf of mutual insurance companies. Robert Bravay, a mutual fire agent who has attended numerous board meetings in recent years, said he would "bring one of the head office men."

The exchange has been handling insurance bids and appointments for the school district, and Board President Ralph Fricker questioned the board's authority to delegate such responsibility. Robert Spengler, a past board president, stressed that the schools have had full and inexpensive coverage.

In urging that insurance bids be opened and tabulated in the board office before recommendations are obtained from the insurance exchange, Fricker said this could lead to deviation from the exchange's policy of including some non-resident agents with local offices and excluding residents with offices outside the school district.

Meeting Next Week
Business deferred until an adjourned meeting at 7:30 p.m. next Tuesday included consideration of 1963-64 contract offers to custodians and cafeteria workers.

Speaking on behalf of the cafeteria staff, Building Employees Local 98 Business Agent Al Ward Jr. urged pay raises as large as those granted teachers. He cited a typical paycheck with deductions, and said some cafeteria purchases could be financed from the building fund.

Ward also described Nameoki and Chouteau township assessing as too low, compared to Granite City assessing, and urged remedial action. He said, "There is \$350,000 in taxes out in that area that we're not getting."

Also slated for possible discussion next Tuesday is a further report on a student bus fare plan scheduled to go into effect Sept. 30 for students not transported by the school district. Supt. Harold M. Kaiser was asked informally to confer a second time with the Bi-State Transit System on whether lower fares can be offered by the system.

Opposes Bus Ticket Cost
Noting that bus rides cost local pupils \$1 a week last year, Board Member Ralph Bravay called a proposed \$1.50 weekly ticket too high.

Dr. Kaiser said the district does not wish to make a profit on such transportation and would charge students only \$1.45 for the tickets or \$1.95 for weekly passes. Nickel allowances were proposed to offset the cost of schools handling sale of the tickets and passes in the week preceding their use.

In approving minutes of the Aug. 27 meeting, the board declined to include two inserts proposed by Secretary George Stidham, who was absent Tuesday night.

They referred to the discussion preceding the decision to reinstate Guy M. Lahr Jr., a teacher

who had been on disability leave, was asked whether he had worked during the leave. One insert said, "Member Stidham requested that in the future inquiries of this nature be made specific." The other was, "Member Buske asked Dr. Kaiser whether or not Mr. Lahr is a good classroom teacher and do you want him back. Dr. Kaiser answered yes."

No Rating When Returning
Other board members said Dr. Kaiser had not been asked whether he wanted Lahr back. The superintendent reviewed the types of school leaves Tuesday night and said reinstatement decisions by the board pertain to whether there is compliance with the terms of the leave.

Ratings could be obtained through evaluations by a teacher's supervisors, but they are not an issue in rulings on leaves, Dr. Kaiser stressed. No rating was obtained on Lahr.

Minutes were approved without the inserts on the votes of Buske, Spengler, Fricker, Ronald Dillard, Monroe Worthen had left and Dan Linder, who had just arrived, abstained.

Standard rates for taxi transportation of special education pupils were authorized and the board approved participation in a regional sight-saving school at East St. Louis.

Noon Policy At Central
It was decided to limit Central junior high pupils to the school grounds at noon except for those given written permission to leave by their parents.

An adult's request to attend regular high school classes for two years was rejected.

Dr. Kaiser said an electric cable short-circuit at 9 p.m. Monday deprived the high school gymnasium of electric power Tuesday, but it was possible to restore service at Chouteau junior high school for Tuesday's classes.

Emergency repair work or replacement by Rite Electric Co. was authorized, and School Engineer Marvin Dean missed the board meeting in order to aid in expediting the electrical project.

Action On Bids
Bid awards voted were as follows:

State Radio and Television Co. \$468 for 10 air circulators and two oscillator fans, all for cafeteria use.

Independent Plumbing Co. \$305 for two four-bubbler water fountains at Mitchell school, the company also designated as source of supply for other plumbing fixtures at its bid prices during 1963-64.

Graham's Book Store, \$195 for an electrically-operated spirit process duplicating machine for adult education (cost to be reimbursed by Granite City Steel Co.).

Ken-Mar Venetian Blind Co. \$1,383 on venetian blinds for new additions—41 windows at Mitchell and 24 at Nameoki—and cloth shades for seven windows in a McKinley school room to be used for special education.

The board decided to purchase a toaster, blender, two irons, three electric frying pans and six waffle bakers for various home economics laboratories from the Sunbeam Corp. at \$232 after discount.

Little League, Park Programs
Permission was granted to the Nameoki Little League to use the ball diamond behind Nameoki grade school beginning in May 1964. The league is expanding its program to include 13- to 15-year-old boys.

The Granite City park district was authorized to use three schools—Nameoki on Mondays, Coolidge on Tuesdays and Fridays and Wilson on Fridays—for its winter square dance program opening Oct. 14.

The park district also will use three schools for its basketball program starting Nov. 25. They are Frather, Monday and Tuesday evenings and Saturday mornings; Coolidge, Monday, Wednesday and Thursday nights and all day each Saturday; and Nameoki, Wednesday evenings and Saturday mornings.

A \$562 contract with Rite Electric Co. on the Nameoki school addition was increased by \$405 to include an audio system console and two spare circuits for additional speakers.

Bids were opened Tuesday night on canned goods, coal, fuel oil, library books, a kiln and athletic equipment.

Bids totaled \$2,105 in the educational fund, \$51,217 in the building fund and \$2103 in the transportation fund.

MRS. HELTON TO LEAD PROGRESSIVE CLASS

The Progressive Class of Second Baptist Church met with Mrs. Mae Williams, 3033 Washington, on Monday for a regular meeting and quarterly birthday dinner. The meeting was led by the vice-president, Mrs. Louise Daniels. Opening prayer was given by Mrs. Roberts Richardson.

The theme song, "What a Friend We Have in Jesus," was sung by the group and Mrs. Florence Paul gave the devotional. Officers were elected for the year, with Mrs. Ruth Helton being chosen as president. The project for the month is to buy a gift for a shut-in.

YWA BANQUET SET
The YWA of Second Baptist Church met Tuesday evening for a study of Illinois state missions. Opening prayer was given by Nancy Wigger.

Plans were discussed for a banquet Sept. 19. The community mission project for September is to give money for flags for

Ruth Conner, Dena Watson, Gertrude Beyer, Minnie Eolin, Naomi Rongey, Lena Garden, Rita Favier and Agnes Curn. Those present were Barbara Grois, Carol Tindall, Sue Warhoff, Evelyn Barnes and the leader, Mrs. Norma Rains.

STUDY STATE MISSIONS

World Friends Sunbeams met at Second Baptist Church Tuesday afternoon for a special program and prayer meeting for Illinois state missions. The group made booklets to be taken to two church members in the hospital.

Those who came early helped label Illinois maps to show Baptist work in this state. After the group activities, a circle was formed for prayer and three stories about state missions were told by the leader, Evelyn Barnes.

Following each story, prayer was given by Danny Bugg, Frances Welty and Jean Anderson, assistant. Refreshments were served by Danny Bugg, Vonda Mayes, Myrna Barrett, Johnny Wilson, Gary Ellis, Janice Galt, Frances Welty, Mike Reynolds, Marie Snider, Jean Anderson and Evelyn Barnes.

The executive committee of the Logan school PTA met Tuesday evening in the faculty room of the school. The meeting was led by the president, George Withers. Ways and means were discussed and a tentative budget was drawn up.

Mrs. Gladys Pape was appointed treasurer due to the resignation of the elected treasurer. Program plans were discussed and will be presented to the PTA at the regular meeting next week.

CONFIDENCE IS A WONDERFUL THING!

Advertising is news, too!

Through advertising in this paper you can give our readers the up-to-date news about your merchandise and services. Each one of your advertisements can be a newspaper within a newspaper.

Of course you should know all about the circulation of the newspaper that is carrying the news of your business. How many people buy the paper? Where are they located? How was the circulation obtained? To give you this information and many other facts that you need and have a right to know when you buy advertising space, this newspaper is a member of the Audit Bureau of Circulations.

Established in 1914, the Bureau is a cooperative, non-profit association of nearly 4,000 advertisers, advertising agencies and publishers. Its purpose is to furnish advertisers with verified reports on the circulation of its publisher members.

At regular intervals one of the Bureau's large staff of experienced auditors makes a thorough inspection and audit of our circulation records, just as the bank examiner makes a check of your bank's records. The information thus obtained is published in official A.B.C. reports. When you buy space in this newspaper our A.B.C. report tells you just what, in circulation values, you get for your advertising investment.

This newspaper is a member of the Audit Bureau of Circulations.

Advertisers are invited to ask for a copy of our latest A.B.C. report.

METHODIST WOMEN
PLAN MISSION SCHOOL

The Women's Society of Christian Service of the Name-Old Methodist Church held a monthly meeting Monday evening in the church, with 15 members present.

Opening devotions were led by Mrs. Vivian Giuka, followed by group singing, with Mrs. Ruth Hancock at the piano. Mrs. Dorothy Luckert presented the program, entitled "Purpose of Mission Programs," and was assisted by Mrs. Hancock and Mrs. Joyce Griffith.

Members were appointed to separate groups for discussion of the topic.

A business meeting followed, with the president, Mrs. Mayne West, in charge. She announced that a mission study school will be held at the church on each Sunday evening during October. There will be groups for children, youths and adults.

Instructors for the children will be Mrs. Rose Young and Mrs. Griffith; youth classes, Miss Morene Groshong, Mrs. Thelma Chapman and George Giuka; and the adult groups, Mrs. Hancock, Mrs. Irene Pierce, John and June Anstett, Lloyd Seymour and Arnold Mason. On Oct. 13 there will be a snack supper and on Oct. 27 a pot luck dinner, prior to the meetings.

Mrs. West reminded the members of training schools for all officers of the Women's Society groups Sept. 17 in Godfrey, Sept. 18 in Belleville, and Sept. 26 in Belleville. These sessions are planned for the entire day.

The meeting was closed with prayer by Mrs. Gladys Russell. Mrs. Lu Ann Briner and Mrs. Luckert served refreshments at the close of the meeting.

HOLY NAME SOCIETY TO SPONSOR SOCCER TEAM
The Holy Name Society of St. Elizabeth Church held its regular monthly meeting Tuesday evening in the church cafeteria and Rev. Mattingly opened the meeting with prayer.

George Fuchs, president, opened the business meeting and heard reports from Jerome Range, secretary, Robert Sudholt, treasurer, Frank Pare, family chairman, John Gyarmati, chairman of the sick committee, and Charles Henry, athletic committee.

The members voted to support a soccer team in the YMCA League for boys who are between seven and nine years of age. This will include uniforms and all other equipment except shoes.

Joe Thompson was named manager and Robert Weiss of Sacred Heart will serve as director. Weiss has managed two national championship teams in the St. Louis area.

The first game will be held on Sept. 21, with 18 boys on the team. All boys who have applied for a position on the team and are not used will be placed on other teams in the league.

Frank Pare was named chairman and Tony Tomlovic, co-chairman of a fish fry to be held at the church on Sept. 27.

The parish annual Christmas party will be held on Nov. 30 at the VFW hall and will be a joint endeavor with the Altar Society, for adults only. It will include dinner, entertainment and dancing.

The president announced that more blood donors are needed for Mrs. Colette Sinner, who was recently a surgery patient at St. Elizabeth Hospital, Don-

Presbyterian Church To Nominate Officers

Organizations of the First United Presbyterian Church have selected representatives for the church nominating committee, it was announced this week.

They are Frances Lynch, chairman; A. J. Mueller sr., co-chairman; Luther Biggs, Albert P. Busch, Burdine Holtzsch, Betty Marshall, A. C. Stoeber, Harry Schmiedekne and Susan West.

Their task will be to nominate candidates for church posts of elders, trustees, deacons and deaconesses for the ensuing church year.

Church activities this week included meetings of the Junior High UPY under the direction of Mrs. Lucile Bush and Mr. and Mrs. Herbert Parker; a chapel choir rehearsal directed by Mrs. Virginia Moore and the Senior High UPY with Mr. and Mrs. Warren Decatur as advisors.

This evening, the sanctuary choir will rehearse and the deaconesses will meet, and on Friday the Carvers will meet. A meeting of the Navigators is set for Saturday.

It was announced that all college students of the church who submit their addresses to the church office will receive the official church magazine.

Foot Slips Off Brake— Causes Two-Auto Crash
While a car driven by Ronald Schaefer, 17, of Edwardsville road, was stopped in a line of traffic for a red light on Namecki road at Madison avenue, another driven by Sam Campbell, 16, of 2534 Lincoln avenue struck it in the rear at 7:50 a.m. yesterday. It was raining.

Campbell told police his shoe was wet and his foot slipped off of the brake.

Seven new members were welcomed during the meeting, and the evening's prize went to Oswald Becker. Becker was appointed as refreshment chairman for the October meeting.

The business meeting was closed with prayer by Rev. Mattingly. The program for the meeting was given by Robert Weiss, who explained fundamentals of soccer and benefits boys receive while participating in the sport.

Refreshments were served by Tony Tomlovic, chairman, and his committee. The next monthly meeting will be held Oct. 8 in the school cafeteria.

Welcoming Committee Named For BIA Meeting

The welcoming committee for the Tri-Cities Chamber of Commerce 18th annual Business-Industry-Agriculture banquet was named today. It will be headed by Arthur E. Buechte.

Others will be Don R. Woznick, Irby Todd, Vasil Tarporoff, L. J. Pittman, Carl Mathias, James Louis, Arthur Koerper, Oliver Jacobsmeier, Gordon J. Hoener and Otto H. Romann.

The banquet will be held at 8:15, smorgasbord style, in the Granite City high school cafeteria. The guest speaker, Dr. John B. Claar, of the University of Illinois, has chosen as his topic, "So That All May Learn."

Also taking part on the program will be C. C. Bryant, Chester L. Baker, who will be toastmaster; Howard Kaseberg, chairman of the C. of C. agriculture committee, who will present the program and introduce the speaker and guests; and Rev. Paul Evans of the First Assembly of God Church, who will give the invocation.

A vocal ensemble under the direction of Warren Simpkins will present several musical selections, and dinner music will be furnished by W. L. "Jack" Johnson.

Two GC Graduates At Bankers' School

Two Granite Cityans were among 72 Illinois bankers awarded diplomas at graduation exercises of the Illinois Bankers School at Southern Illinois University, Carbondale, it was announced this week at Chicago.

The presentations were made to Mrs. Shirley J. Dinges and Carl G. Dolzauer, both of the First Granite City National Bank.

Awarding the diplomas was Harold R. Fischer, who is president of the Illinois Bankers Association and the First Granite City National Bank.

Courses of study included consumer loans, commercial loans, agricultural credit, economics, banking law, public relations, public speaking, investments, bank administration problems and bank credit.

Rumors without a leg to stand on have a way of getting around.

Parties Given Former Residents

Mr. and Mrs. Paul Kleindienst of Drexel Hill, Pa., and the latter's sister, Mrs. I. R. Barnes of Cowan, Tenn., have been house guests this week of Mrs. Herman Huxel on Edison avenue, while enroute from a tour of the Pacific Northwest.

The visitors, who have been extensively entertained during their stay and for whom Mrs. Huxel will hold open house from three to five o'clock today, will leave Saturday for their homes. Mrs. Kleindienst is the former Marie Short and her sister will be remembered as Miss Bess Short, both former teachers in the Granite City schools.

Dr. and Mrs. Amos Rode and Mrs. Huxel entertained this week at the Rode home for the out-of-town guests. Those present were members of the Ramblers Club of which Mrs. Kleindienst and Mrs. Barnes are former members.

Others present were Mr. and Mrs. Frederick Springer of Edwinstown, Mr. and Mrs. D. D. Foster of Alton, Mrs. A. J. Reimers of St. Louis, Misses Mary and Martha Cowan, Miss Ann Jones, Mrs. H. P. Reuss, Mr. and Mrs. A. C. Stover and Mrs. R. D. Minick.

GABRIEL SHRINE WILL MEET

Gabriel Shrine 78, White Shrine of Jerusalem, will hold an all-officers night in connection with the regular stated meeting at 7:30 this evening. Supreme appointments are to be guests of honor at the meeting. Mrs. Ola Downing is worthy high priestess of the Shrine and William Pennock is watchman of shepherds.

Venice School PTA Resumes

The Venice Parent-Teacher Association held the first meeting of the new school year Tuesday evening, with 36 members present. The president, Mrs. Marcella Boush, was in charge of the meeting. New by-laws were presented to the group by the committee chairman, Mrs. Delores Bosworth. Roger Davis, program committee chairman, reported on a tentative program for the year, and a discussion was held. Correspondence was read, and it was decided that a group of officers and committee chairman will attend a district PTA workshop in Jerseyville on Sept. 23. Next meeting of the association will be held on Oct. 14, when fourth grade room mothers will serve as hostesses.

Xi Epsilon Chi Chapter Meets

The opening meeting of Xi Epsilon Chi Chapter of Beta Sigma Phi sorority, the first Exemplar chapter in the area, was held last night in the home of Mrs. Dea Brackett, 2301 Gary avenue. Mrs. Norma Rains, president, conducted a brief business session during which reports of the ways and means chairman, Miss Alice Holshouser, Mrs. Evelyn Tolliver, treasurer, and Mrs. Juanita Calve, social committee chairman, were heard. Mrs. Marcella Ashford and Miss Holshouser conducted the cultural program which dealt with "conversation." The prize for the evening was awarded to Mrs. Tolliver. Refreshments were served after adjourning.

School Theme At Madison Jr. Service Meeting

Approximately 30 members of the Madison Junior Service club arrived at the Madison memorial center Tuesday evening dressed as girls of school age—or younger. Theme for the first meeting of the new year was "Back To School."

Mrs. Hilda Graville, president, opened the business meeting aided by the other new officers, Miss Marian Chizek, second vice-president; Mrs. Helen Daley, third vice-president; Mrs. Adrienne Warchol, treasurer; Mrs. Alberta Mikolasek, corresponding secretary; and Mrs. Marilyn Schaffner, recording secretary.

A social has been planned for Nov. 13 at the Fireman's hall in Madison. Mrs. Mikolasek reviewed the work to be done, and said each member has tickets to sell for the social.

A donation of \$25 was made for tuberculosis seals. Mrs. Lillian Delps has inquired and will get further information from the Madison librarian as to purchase of books for the Madison library and cards for the St. Louis Library. The club plans to purchase books each year for the library, if needed.

A federation meeting to be held Sept. 21 was discussed and reservations are to be called to Mrs. Graville by Sept. 16.

The meeting is to be a 1 o'clock luncheon at Rusty's in Edwinstown, with members of all Junior Service clubs of this area attending. Miss Jeanette Triant of the Mason club is the new association president and Mrs. Loreta Hyla of the Madison club is the corresponding secretary.

Miss Triant spoke to the group on a common project the clubs are working on. It will be brought up for a vote at the meeting.

A charity report was read with two of the members appointed to assist.

The members brought pictures of themselves of school age or younger. They were numbered and passed for each to guess who they were. Janet Lentz, Mrs. Marcella Obranovich, Miss Mary Anna Uffers and Mrs. Debra Rhoads won prizes for the view drive. It was announced at a meeting of the Auxiliary last night at the post home.

The Auxiliary made donations to Child Welfare and purchased a stove and pot for the club with a sack lunch containing a sandwich, cupcake and bag of potato chips, in keeping with the "Back To School" theme. The October hostesses will be Mrs. Julie Pearce, Miss Uffers, Mrs. Mary Dale Graville and Mrs. Shirley Greer.

New members attending their first regular meeting were Mrs. Mary Dale Graville, Mrs. Greer, Miss Uffers, Mrs. Gasho, Mrs. Judy Donaldson and Mrs. Mimi Coghlan.

MRS. GEORGE J. LAMB, the former Linda Gene Trachsel and a daughter of Mr. and Mrs. Arthur Trachsel, 1608 Garfield avenue, who was married Saturday evening at St. John United Church of Christ.

St. Mark's PFA To Hold Member Drive

The September meeting of St. Mark's Parents and Friends Association was held Tuesday evening, with 30 members present. Plans were made to hold a membership drive.

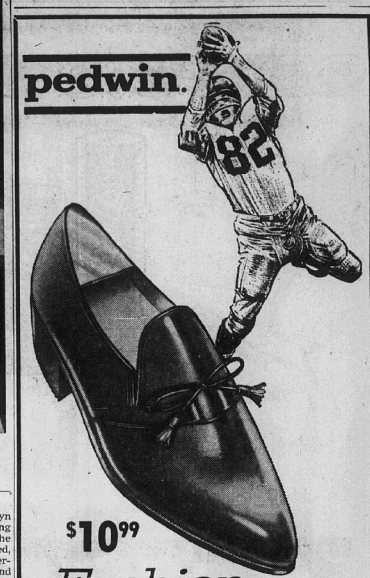

Post 51 Auxiliary Plans Amvets Day

Quadrant City Amvets Post 51 will hold an Amvets day for members and their families Sunday at the post home, 5100 Lakeview. The club was decorated in pink and blue, and many gifts were received.

Refreshments were served. Mrs. Nadine Harrison won the door prize. Nine members and two guests, Miss Sharon Lowell and Miss Sherrel Tucker, attended.

Eagles Auxiliary To Attend Two Rallies Next Month

A scheduled meeting of Eagles Auxiliary 1126 took place Tuesday evening with Mrs. Helen Prengel in charge. Invitations were read to a Northern Zone Rally Oct. 4 in Blue Island, Ill., and a Central Zone Rally in Decatur Oct. 18.

The "Eagles" kitchen band has been asked to entertain at both of the meetings and a practice session has been called for Sept. 17.

Local Auxiliary members and five candidates will meet at 1 p.m. Sept. 22 at the Eagles Hall from where they will attend a District Eight meeting in East St. Louis. Mrs. Edna Wolfbrun of Collinsville will be the principal speaker. There will also be initiatory work.

Miss Sylvia Roy submitted a semi-annual report and Mrs. Frances Steinman, a past state president, gave a resume of a "state officers" day in Decatur the past week.

Mrs. Florida Batson, ways and means chairman, announced a rummage sale to be held Sept. 13-14 at Pontoon and Nameoki roads, and a pillow case party Oct. 26.

The prize for the evening was won by Mrs. Anna Adolph and the "white elephant," contributed by Mrs. Florida Batson, went to Mrs. Clara Eames.

Mrs. Victoria Portell, the Auxiliary honorary mother, was honored and as she was escorted to the altar, Mrs. Margaret MacZura led the group in the birth-day song. A decorated cake and other gifts were presented by the auxiliary.

The Auxiliary was further entertained by a group of Tri 4-H girls under the direction of Mrs. Kathleen Tadlock, who explained the activities of the 4-H movement and its growth.

The group presented a musical skit, with 13 members participating.

GLEANERS ELECT

MRS. ARNOLD
An election of officers was held at a monthly meeting of the Gleaners Sunday school class of the Temple Baptist Church Tuesday evening. The meeting was held in the home of Mrs. Lela Reiter, 1828 Beckwith avenue.

The Lord's prayer was given in union with the devotionals, which was "For God So Loved The World" by Mrs. Rose McIntire.

A short business meeting was held, with Mrs. Mary Arnold named president, Mrs. Allie Wilmoth vice-president, Mrs. Myrtle Melloy secretary-treasurer and

Mrs. McIntire reporter for the new year.
Cards were signed for members unable to attend the meeting and church due to illness. Plans were made for a pink and blue shower to be held Tuesday evening for Mrs. Margaret Hahn, a member of the Ruth class.

The Ruth class of the church was invited by the Gleaners class to be its guests Tuesday evening. Gleaner members present were Mrs. Addie Dunn, teacher, and Mrs. Arnold, Mrs. Wilmoth, Mrs. Edna Chamberlain, Mrs. Sybil Miller, Mrs. Alena Whitte, Mrs. McIntire and Mrs. Reiter. Ruth class members present were Mrs. Hahn, Mrs. Marilyn Jones, Mrs. Betty Cook, Miss Marie Miller and the teacher, Mrs. Mary Stephens. The Gleaners class will continue to meet on the second Tuesday of each month.

AUTUMN SETTING FOR REBEKAH MEETING
"Back to lodge" was observed

Tuesday evening at a regular meeting of Delray Rebekah Lodge 785 at the Odd Fellows hall in Madison. Mrs. June Mowery, noble grand, presided over the short business meeting.

Date set for the annual dinner and bazaar given by the members is Nov. 16 in the basement dining room of the hall.

At the conclusion of the business session, a social time was enjoyed. The tables were decorated in keeping with the theme, with books, a plastic doll desk and blackboard used on the tables. Autumn leaves were scattered about the tables. Mrs. Mary Mortenson, Mrs. Ophelia Smith and Mrs. Lucille Veatch were in charge of the decorations and refreshments. The latter consisting of home-baked cakes and coffee served to 24 members and three guests. A white elephant sale was held, with Mrs. Ruby Wood the auctioneer.

Quarterly birthday observances will be held at the hall at the next meeting, which is to be held Sept. 24. Members having birthdays in April, May and June will plan the observance for those having birthdays in July, August and September.

MRS. WOOD NAMED CLUB TREASURER
Mrs. Margaret Grams was elected to the position of club treasurer at her home in Collinsville Tuesday afternoon. A buffet luncheon was served to the members, after which a short business meeting was held.

The regular monthly meeting of the club members will be held Sept. 27 in the home of Mrs. Ebersold.

SOCIETY Mothers' Club

St. Mary's
PTA Welcomes
New Members

The September meeting of St. Mary's PTA in Madison was opened by the president, Mrs. Geraldine Friend, Monday evening. Thirty-five members responded to roll call, and Mrs. Bernadine Asperger, Mrs. Mary Croner and Mrs. Rita Barnhardt were welcomed into the PTA by the members.

Plans were made for a social to be held in the school cafeteria at 2 p.m. Sept. 29. Workers for the event were called for during the meeting.

First bake sale of the school year is to be held in the chapel room of St. Mary's Church on Oct. 5-6, and it was announced that a bowling club is being formed. Plans are being made for the group to tour the Dow Metal Products Co. in the near future.

Communion Sunday for the PTA members is to be held on the fourth Sunday of each month, and the members are to try to attend the communion in a group.

Fr. Engelbert Biemek spoke to the ladies on rules and regulations of the school. The First Holy Communion is to be held Oct. 27. The boys are now in uniform and the girls are to start wearing their uniforms Oct. 1.

The meeting was closed with prayer by the chaplain, Mrs. Frances Malon. A social time was held, with the hostesses, Mrs. Rosalie Stern, Mrs. Edna Blazek, Mrs. Christine Judd, Mrs. Frances Trotts and Mrs. Margaret Sierzynski serving refreshments.

October hostesses named were Mrs. Mary Pogorelec, Mrs. Aulderhede, Mrs. Alberta Mikolajczuk, Mrs. Thelma McMurry and Mrs. Margie Dan. The social will continue to be held on the second Monday of each school month.

Jr. Maecenas To Become A Senior Club

The Junior Maecenas Society held its first meeting of the new year Tuesday evening in the home of Mrs. James Flaherty, 1615 Spring avenue. The business meeting was conducted by the president, Mrs. Jim Corbin, and a report was given by Mrs. Dule Brackett.

A discussion was held on the club becoming a senior society instead of a junior society, and all members present voted for senior status.

The president announced a pot luck dinner to be held Sept. 26 in Freeburg, Ill. for all junior clubs. Mrs. Brackett distributed new yearbooks, and a bakery prize was won by Mrs. Corbin.

Refreshments were served by the hostesses to those named and Mesdames John Pekulnik, Victor Shanta, Kenneth Knox, James Kelahan, Dick Yates, Ed Lorton, Jim DeWitt and William Brewer.

The next meeting on Oct. 1 will be held in the home of Mrs. Brewer, 2613 Adams street.

Nied'ghaus WSCS Plans Dinner

The Women's Society of Christian Service of Niedringhaus Memorial Methodist Church met Tuesday evening in Wesley Hall of the church.

Mrs. Ruth Johnston, vice-president, was in charge and the meeting opened with prayer by Mrs. Clara Tidwely.

Mrs. Elizabeth Briggs was in charge of the missionary lesson, assisted by Mrs. Helen Simpkins, Mrs. Allen Bright and three girls from the youth department. Misses Kathleen Smith, Linda Raab and Gretchen Rae.

Mrs. Paul Sims was appointed spiritual life secretary and plans were made for a dinner Sept. 30 in Wesley Hall honoring workers in the various departments of the church. Also discussed was the fall bazaar and other coming events.

Mrs. Dora Graftford, leader of Love Circle and her committee, were hostesses to the 35 members and four guests attending.

Hope Circle will serve as hostess group at the October meeting and Charity Circle will present the lesson.

5 New Members For Altar Society

St. Ann's Altar Society of St. Joseph's Catholic church met Tuesday at the rectory with 32 members present.

The opening prayer was offered by the president, Mrs. Ida Wheatley, and five new members were welcomed. They were Mrs. Louise Jones, Mrs. Bertha Wasyjak, Mrs. Frances Owens, Mrs. Dora Choick and Mrs. Annette Dolosic.

Plans were made for a quilt festival Sept. 29 and the remainder of the time was spent at games, the prizes going to Mrs. Mamie Boyer, Mrs. Grace Range and Mrs. Ann Moran.

Members from State street with Mrs. Bonnie Boyer, Mrs. Norma Reisinger, chairman, were hostesses at the meeting. At the Oct. 8 meeting Adams, Benton, Cleveland and Delmar avenue will serve as hostess group. Mrs. Grace Ray and Mrs. Mary Pastan are to be chairman.

Mothers' Club Needs Typists

The Sacred Heart Mothers' Club opened the season with a meeting last night attended by about 90 mothers.

The president, Mrs. Mary St-announcement was made that announcement was made of the annual tea for the Sisters scheduled for Oct. 13 in the school. Mrs. Norma Chapman and Mrs. Joan Ruth were named co-chairmen of the event.

Mrs. Lorraine Forsy reported on plans for the annual fall festival to be held Nov. 9-10, and the rummage sale in October.

was discussed. Program chairmen for the year will be Mrs. Virginia Connolly, Mrs. Chapman and Mrs. Ruth, and Mrs. Sylvia Darchewski will be chairman of the refreshment committee.

agent in preparing his recommendation for a method of financing. The committee in an

earlier statement said it is considering either revenue bonds, general obligation bonds or a combination revenue-general obligation bond issue.

To be determined by the council is whether the city is to take initial steps toward relieving storm water drainage problems in conjunction with sewage treatment plant facilities. The fiscal agent firm is Hougard, Showers & Murray of Chicago. It also was brought out at the

chairmen's meeting Monday night that the bond attorney is needed to prepare a formal request to the U. S. Army Corps of Engineers office at Chicago for permission to locate the treatment plant near the city's pumping station which is at the Granite City Army Depot.

Alderman Ford Johnson, together with Project Engineer Edward J. Sheppard, Morgan & Schwab, went to Chicago last week to confer with officials

at the Corps of Engineers office.

Depot Site Available

Johnson indicated the depot site was available, but a formal request must be submitted. "We need an attorney to do that and to be with us for the next meeting. It boils down to the fact that if we don't get a site at the depot, we won't have a treatment plant as quickly as needed. That's the most economical and logical location."

The chairmen agreed it was not the responsibility of City Atty. George Filcoff Jr., but rather the special bond attorney, to prepare the request and to aid the city in negotiating for a tract at the depot.

employees entering and leaving the depot at all hours.

Committee Has Names

Moerlen told the chairmen that his committee will submit the names of one or two attorneys for the bond post should the mayor fail to present a recommendation to the council next Monday night.

The Dec. 1 deadline was set by the state Sanitary Water Board during the summer upon application by the city for an extension of the original June 1 deadline.

By Dec. 1, the city is to submit proof of passage of a bond ordinance to finance construction of a sewage treatment plant and plans for its construction.

PRESBYTERIAN WOMEN PLAN FUTURE PROJECTS

The third quarterly meeting of the Nameoki United Presbyterian Women's Association was held at the church Monday evening, with 20 members attending. Guests were Ruth Wilson, Mrs. Marion Watson and Mrs. Joseph Greer.

Mrs. Lu Pyle, president, gave the opening devotion, followed by Mrs. Joan Kaseberg, giving the names of missionaries of the day and offering prayer. The proposed budget for 1964 and goals for giving were submitted and accepted. Mrs. Pyle then asked for department reports, and a discussion on current needs was held.

A brief dedication service was held for the "Fellowship of the Least Coin," mission sewing and the budget.

Announcement was made of the afternoon circle meeting Sept. 26, in the home of Mrs. Mary Stegle, 4100 Stearns avenue, and the evening circle meeting Sept. 24, in the home of Mrs. Janice Carr of St. Louis. Mrs. Pyle also announced a

retreat will be held at the church Nov. 11, at which time the thank offering will be received. Program for the last quarterly meeting on Dec. 9 will be entitled "Best Night," and it will be a Christmas program. A pot luck dinner will be held preceding the program, and installation of officers will follow.

Mrs. Bea Pyle gave Monday's program on the topic, "Christian Education." She also gave installation prayer.

Refreshments were served by Mrs. Adele Gregory and Mrs. Janet Kief.

RHONDA HARTZEL MARKS SIXTH BIRTHDAY

Mr. and Mrs. Robert Hartzel entertained Sunday afternoon with a party in honor of their daughter, Rhonda, on her sixth birthday. The party was held in their home, 2801 Fortune drive.

Each guest was presented with party hats, horns and favors which held tiny cups filled with candy. The decorations were white and orange streamers arranged on the table, with multi-colored balloons suspended above the centerpiece, a decorated birthday cake.

The guest list included Mary Tolden, Kathy Dittamore, Linda, Kenny and Mark Weisheit, Patrick Dittamore, Kevin and Timmy Sloss, Jimmy and Bobby Moske, Billy and Jerri Heath, Sandra and the Evening Circle, Susan Black, Dana Paulk, Kathy, Jimmy, Bobby and Janet Hartzel, Marsha Timmons, Johnnie and

Dept. Of Public Works Program Will Be Submitted To GC Council In Four Months

Establishment of a department of public works for Granite City, as outlined two years ago in a governmental study report by Southern Illinois University, was proposed again Monday night at a meeting of city council chambers.

G. H. Sternberg, chairman of the Street and Alley committee, said his committee is studying the university's recommendation and will present the program to the council within three or four months.

"We've read the report and find the outline to be suitable with a few minor exceptions," Sternberg said. "It could result in considerable savings for the city and would eliminate some of our problems," he added.

The chairman explained that with proper supervision, the city could coordinate projects. A suggestion was made by Alderman Walter Nomm, chairman of the Ordinance committee, that the Street committee consider the hiring of a mechanic to service city vehicles and equipment and study the need for possible enlargement of the city garage.

To Recommend Bids
Sternberg reported the Street committee has been meeting regularly and is ready to recommend unanimously to the council that bids be sought for all materials purchased for the street department.

He added that a recommendation also would be made for the lease-purchase of major items of equipment for the department in order to get use of the equipment instead of paying rental fees.

As an example, he said, the city is paying \$545 a month rental on an air compressor and tools, "and we'll have nothing to show for it. The interest charge would more than be offset and we'd own the equipment."

It was brought out that the air compressor is needed for the city to comply with its own ordinance. The law requires anyone making an excavation in a street to tamp the fill before the street surface is replaced.

The major items of street equipment needed are a highlift, street sweeper, the compressor and a road grader, in that order. Bids are being sought for the highlift and sweeper. Nomm reported that Comptroller John Droher was opposed to lease-purchase procedures.

Air Pollution Data
City Atty. George Filcoff Jr. reported he is preparing data for the special air pollution committee that was recommended at last week's council session and that he presently is engrossed in the "paper work."

The chairman also discussed abolishment of an assistant city treasurer, pointing out the treasurer was hired for full-time duties, either rotating or dividing city funds among the three local banks, and giving further study to proposed fare-zone changes for taxicabs.

Further conferences will be held with City Atty. Filcoff on getting additional assistance for the city's legal department, and Alderman Paul Rutledge, chairman of the Special Sick Leave Policy committee, said the group had not yet held a meeting.

It was suggested the committee call in an expert in the field to give assistance. Frank Mansfield, a former Dow Metal Products Co. official, was suggested.

Payroll List Wanted
A request was made that the council members be furnished with a payroll list instead of being advised of the half-month payroll total.

The Street committee was asked to inspect a driveway condition at 3022 Myrtle avenue which resulted from an improvement in the street.

The steep driveway, which has caused damage to the auto of John Bronnbauer, is on private property.

Mrs. Bronnbauer advised the council that they have had the same auto for three years, and it was only after the street was improved that the condition resulted in damage to mufflers and tailpipes. She added that it is necessary for all passengers to wait until the car is backed out of the driveway before getting into it.

Lift Station Warnings
Sternberg reported that bids should be available in two weeks for the Nameoki sanitary sewer system warning devices. He said the devices must be designed to serve three types of lift stations that are in the sewer system.

Objections By GC Stall Wabash RR Stop Changes

Granite City is gathering support in its objection to a change in passenger train stop orders at the local station being sought by the Wabash Railroad Co. from the Illinois Commerce Commission.

City Atty. George Filcoff Jr. told city council chambers Monday night that he expects to be joined by representatives of the Tri-Cities Chamber of Commerce, East Side Manufacturers' Association and city of Edwardsville at the continued hearing on Sept. 19 at Springfield.

Filcoff said he was alone in objecting to the stop change during the recent ICC hearing in Springfield. He had been instructed to attend the hearing by the council.

He bore out the contention of Alderman Charles Moerlein that the stop change was a forerunner of the eventual elimination of a Granite City stop.

"Tried To Ignore Me"
"There was no one else there to object, and they tried to ignore me, but I managed to put through the city's protest," Filcoff reported.

He explained the trains will not stop at Granite City unless a passenger is to go at least to Decatur or beyond. On trains

from Chicago, there will not be a stop here unless the passenger rides at least from Decatur. The Wabash Railroad plans to eliminate stops at Edwardsville, Taylorville and Litchfield.

Filcoff said the testimony showed the elimination of the stops will not speed up the train schedule. "They called this a street car stop, but it would be a virtually halt all passenger train stops in Granite City," he added.

The city attorney explained that when his presence became known, the railroad's attorneys scurried about to call in more witnesses, including a passenger agent from Decatur. "He arrived about mid-afternoon, in time to testify on schedules and the number of passengers."

"However, the railroad wasn't too well prepared. They didn't even know the price of a gallon of fuel oil. It looked to me like everything was cut and dried, and that Granite City's objections caused a problem," the attorney said.

Alderman Moerlein, a railroad, had made strong opposition to the railroad's request several weeks ago when the city was notified of the hearing date. He was unable to attend last week's hearing, because of a prior commitment, but will join Filcoff at the Sept. 19 hearing.

Bond Firm Inspects Tri-City Port Site

Facilities of the Tri-City Regional Port Authority were inspected Monday evening by representatives of the Authority's bonding firm, Gore-Forgan Co., Chicago.

Port Board Chairman Carl A. Ranft said the bond house officers gave approval of work under way at the Granite City harbor along the Chain of Rocks canal, and indicated approval would be given plans for further development.

Ranft said the port authority board would be announcing its further plans in the near future—possibly next month. The bond firm representatives attended Monday night's meeting of the Port Authority board.

The authority currently has a roadway under construction to the harbor site.

GC Kiwanians Discuss Club Improvements

A discussion on how best to obtain new members, increase attendance and improve programs was held by the Granite City Kiwanis Club at its weekly meeting Monday night at the Elks Club. President Eugene Frey presided.

Merlin Hiscott said he will obtain a speaker from the Law Forum for next Monday's 6:30 p.m. meeting. Harry Marshall will contact a speaker for the Sept. 23 gathering.

Other plans call for a journalist to speak during Newspaper Week, Oct. 13-16, and for a ladies' night around Halloween.

MONDAY, SEPT. 12, 1938
A total of 149 Tri-Cities youths have indicated they will enroll in colleges this fall. The University of Illinois has drawn the largest number, 25. The Illinois are: William Winter, Gerald Trotter, William Weeks, Bud and Roger Braden, Glenn Voigt, Dorothy Varnum, Marjorie Smith, Merlin Hiscot, Burton Wilson, Harvey Green Jr., Ralph Karzer, Marjorie Quin, Nancy Mills, James Louis, Leonard Libby, Iva May Berry, Shou Lewis, Vernon Johnson, Randall Robertson, Robert Roussey, Leonard Gerstach, Wabot Thritaker, Kathryn Bright and John Munson.

Roscoe Forth of Granite City was named chairman of the platform committee as 1000 people attended the first county-wide Republican convention for Madison county at Edwardsville. The platform adopted by the "Madison county needs a change. That is the challenge of the hour. We need a new leadership, and a new conception of public service in the courthouse at Edwardsville."

Several carloads of Granite Cityans will motor to Mokane, Ill., Sunday to witness the wedding of Ray Farrar, son of Chalmers Farrar.

Mrs. Hattie Quinlan and Mrs. Gladys Thies were accepted into the Veterans of Foreign Wars Auxiliary Friday evening. Mrs. Myrtle Anderson, president, presided.

Mike Serich, son of Mr. and Mrs. Dan Serich of North Venice, has returned home from Siloam Springs, Ark., where he was a star for the Travelers of the Arkansas-Missouri Baseball League.

This year was his first full season in organized baseball. He has been a star on the local sandlots here for several years. So brash a player did he give himself to be that when the owner of the Travelers decided to change managers, he was weeks before the season closed, Mike, although still a mere boy—he attained his 18th birthday only last June 29—was kept the job.

A catcher, he batted .320. The Travelers finished in the pennant race.

About 3000 fans watched the Sacred Heart Irishers rally and defeat Williamson, 5-4, yesterday for the 1938 pennant of the Inter-City League. The umpires had great difficulty in keeping the overflow crowd off the playing field.

A cache of six quart bottles of nitro-glycerine, 20 sticks of high-explosive dynamite and three boxes of percussion caps were discovered by Madison police about noon Saturday, hidden in a dense weed patch in the vicinity of the St. Elizabeth's Company's Madison plant. The dangerous materials are thought to have been stashed later, they passed through East Madison.

The FORUM
LIBERALS ARE FOES OF PERSONAL FREEDOM
To the Editor:

Talk of unbalanced budgets does not inspire much indignation. But talk of a new national debt and higher taxes does inspire protest.

When it is pointed out how much interest is paid to carry this debt, \$10 billion yearly, this touches a chord of understanding by the American voters. The recognition that this is a heavy future financial burden that we are handing our children is common.

These common sense themselves will not win elections. The real issue to be talked about by Republicans and conservative Democrats, I believe, is the constant loss of personal freedom that has come from liberalized programs of the last 30 years. This must be drilled into the voters over and over again.

It is not freedom to vote to the point of confiscation; or to allow communities to be deprived of a large part of the responsibility for education of their children; or to have a government compelling in various forms private enterprise; or to have a government body dictating prices and wages; or to dictate what crops to plant and when to have to look to a benevolent bureaucracy for decisions affecting our daily lives from cradle to grave; or for the government to push for socialization of medicine or power; or to be burdened with perpetually higher national debt; or to live under the threat of an all-powerful super-state. And it is not freedom for the trial workers to be forced to call for a Democratic ballot in primary elections to avoid possible loss of their jobs.

At stake is whether our government will survive or whether earlier ventures for human liberty that have passed into oblivion. Kruschke has made it clear his belief that our system will destroy itself from its own abuses and weaknesses.

Begin Preparing For Proposed Expansion Of Depot Staff

Although the decision is not yet final, proposed transfer of 300 to 800 Ohioans to the Granite City Army Depot poses a challenge to this community's ability to absorb a sudden influx of new residents. Advance planning should begin now.

Because most of the Department of Defense civil service employees to be sent here from Columbus have families, the late-1963 transfers may total 1000 to 3000 people.

The result could be a welcome but severe strain, not only on housing but on the full range of commercial, educational and recreational facilities involved in serving such a large group. Wouldn't it be a thing if Granite City already had authorized elimination of its drainage and pollution problems and was in the process of installing sewers to handle present and future needs? The impact of the Depot transfers would not be nearly as severe if the city's growth was not being choked off by an inadequate sewer system.

Comparison Of Costs Would Aid In Evaluating City Hall Maintenance

Granite City council members are on sound ground in calling for improved records and assignment procedures relating to the unofficial city hall "handyman," whom they have labeled the highest-paid city employee.

Without taking anything away from his ability or the need for repair and maintenance of the city hall and municipal equipment, there seems to be no reason for the informal approach that has been followed. At the very least, a detailed account of his work for the mayor and controller should be maintained. The city also ought to devise a set of rules or guides to aid in determining his assignments.

An argument undoubtedly can be made for the speed and flexibility afforded by such an employee in keeping machines and facilities in working order. But the issue could be discussed by the council and critics on a more informed basis if a comparison was made between what has been spent in the past and what the same work would have cost if assigned to the various crafts or placed for competitive bids.

Large Enrollment In Initial Classes Of Steel Institute

Technological change can take place without making large numbers of workers "obsolete" in terms of useful skills and opportunities. Granite City Steel Co. officials, that their employees agree is indicated by the fact that 600 have enrolled in initial courses of the new Steel Institute.

The steel firm not only is financing the program on a continuing basis but is providing the teaching staff—29 college-trained men employed at the plant as engineers and metallurgists. Following intensive study this summer under E. R. Casvesters of Southwestern Illinois University and M. A. Wittervongel of the Granite City school district, all qualified for state teaching certificates.

While the company has encouraged participation in adult training programs in the past, the Steel Institute adds a new course in mathematics, science and communications and specialized instruction in steel manufacture, including steelmaking processes and each plant department's problems and procedures.

As has been pointed out by the sponsor, the institute not only will give the students increased understanding of the theory and practice of making steel, but also will afford a broader background that can be more employable in virtually any industry.

JAYCEES TO SPONSOR HOME-coming ANNNUALLY
To the Editor:

We, the Granite City Jaycees, wish to express our gratitude to the authors of the recent letter in the Forum concerning our Granite City Homecoming. We will be sure to make the common impression is that the homecoming was a flop; however, we did not expect overwhelming results, but we are having a picnic at the park.

Some tables which are reserved are not in use for a long time but still have the signs on them. This should be done. If our park commissioners do not correct this problem, then maybe petitions could be signed to remedy the reserved signs. If not, then it's time to replace them with someone who will not want a table, but it was called to my attention by people who did and by others who did not. This was unfair. Day and on Labor Day, not only this holiday but others and other.

This park is supported by the taxpayers of Granite City and all should have an equal opportunity to share its advantages.

Without waving the flag, we would not be able to do the projects we have had in the past few months in which all expenses were paid either by the local

MRS. BETTIE WOODWARD

Welcoming Dinners An Expression Of Local Regard For Teachers, Education

Dinners and other events being held to welcome new teachers in the school system. Quad-Cityans' high regard for them and also the general recognition that education plays a vital role in a world in which rapid change has become routine.

Instructors have a unique opportunity to aid parents in molding the minds and characters of youngsters in their formative years. The challenge is great, because skills, knowledge and ethics of a high order will be needed more and more before in the coming years.

Local residents wish the schools well in carrying out their important task.

Track Bookmaking Said To Deprive State Of Millions

Everyone who helps finance the Illinois state government—and that takes in just about everybody who reads this—is being shortchanged by the loss of huge sums owed the state, testimony at Chicago hearings indicates.

Regardless of one's feelings about whether betting on horse races should be permitted, the fact remains that Illinois does lose millions of dollars and levies a tax on all money wagered at the track windows. It is estimated that millions of dollars fail to reach the state because they are handled through illegal bookmakers—operating at the tracks throughout the state and has been for some time.

Adding to the seriousness of the situation is a federal finding that \$250,000-a-night bookie business at Sportsman's Park was linked directly with the Cosa Nostra gangster syndicate. And the testimony has included expressed fears that some of the responsible state officers have been trying to get witnesses "in trouble instead of straightening out things."

It would appear that the new state crime commission was not in fine fettle to do this work for a long time. It would not have prompt study and action.

Improved Bridge Lighting

Welcoming News For Drivers

Inclusion of new lighting in the 1963-64 McKinley Bridge budget is welcome news to motorists who use the modernized but comparatively dark Mississippi River span.

The \$40,000 plan to install mercury vapor lamps this fall should do much to add to the safety and appearance of the Venice-owned bridge. The new lights are deserving of the high priority they have received in the list of scheduled replacement and improvement projects.

Mandatory Audit Will Not Put County Budget Out Of Balance

The argument that the state should not boost smaller governmental units costs without providing the necessary income has borne fruit in the new Illinois law requiring independent annual county audits.

Hard-pressed by a court ruling affecting the maximum tax rate it can levy on operating expenses, Madison county will be allowed to pay for the mandatory audit by boosting its rate a fraction of a mill.

Even if the tax limit waiver had not been granted, such audits usually have proved to be worthwhile. A special 1955-1961 audit conducted by the Schlosser firm last year included investment recommendations that netted the county \$12,700 in interest during the first six months.

Between the new check of financial records and the semi-annual audit of fee-earning offices already provided by County Auditor Kraynak, local residents will be afforded detailed insight into how their county taxes are being utilized.

Longer Visiting Hours Will Ease Parking Congestion At Hospital

New visiting hours planned in effect for most divisions of St. Elizabeth's hospital will give Quad-Cityans greater opportunity to visit patients and also wider choice in selecting the time for their visits.

The 11 a.m. to 8 p.m. daily schedule probably will ease "rush hour" traffic parking congestion in the hospital area, although it may increase the total traffic volume, since more people can now visit an individual patient during the time of a day.

92% OF KEINER PROGRAM VOTED BY LEGISLATURE

I have completed action on the bills passed by the 73rd Illinois General Assembly, with the final tally indicating that 1375 were signed into law.

In previous reports I have spelled out some of the accomplishments of the recent session, including "loophole-plugging," sales tax legislation, the creation of new state departments for public aid and children and family services, authorization of centralized office-service buildings around the state, stepped-up emphasis on bringing new tourists to Illinois, and extension and construction of conservation facilities.

The General Assembly saw fit to adopt about 92% of the administration program that I submitted.

One of the major accomplishments, of course, was the fact that Illinois ended a two-year fiscal period without any new legislation for the first time in 10 years.

I voted 232 measures and placed 100 bills in my veto file. It is never easy to veto a bill because the single fact that it has passed the legislature indicates that many sincere people thought it should become law.

SAFEGUARD YOUR HEALTH

A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY

BE CAREFUL WITH ASPIRIN

The most widely used medicine in the world today is aspirin. Americans swallow over 16 billion tablets a year for various aches and pains—an excellent endorsement of its pain-relieving effectiveness.

Unfortunately, any drug powerful enough to help you also has the potential to hurt you—a fact too many people choose to ignore.

Consequently, more than 2000 Americans die every year from misuse or overdose of aspirin, with thousands more experiencing serious illness.

Drink Full Glasses

To safeguard your health, and that of your children, remember these rules:

1. Always drink a full glass of water when taking aspirin. Otherwise you're liable to irritate your stomach, bring on nausea and even vomit.

2. Never take aspirin on an empty stomach, for this too may bring on nausea and vomiting.

3. Never take aspirin if you have a stomach ulcer, indigestion, acidity, though weak, can irritate an ulcer and even cause it to bleed.

Warning To Asthmatics

Allergic reactions to aspirin are rare, but occur most often in persons with asthma. Such reactions can be violent, and even fatal.

4. Allergic reactions to aspirin are rare, but occur most often in persons with asthma. Such reactions can be violent, and even fatal.

5. Never take aspirin to reduce fever unless you first consult your doctor. If you do, there is a danger that you may mask symptoms of a very serious illness.

Avoid State Supply

Never buy more than a two or three month's supply of aspirin, for aspirin deteriorates with time.

Check the aspirin container for expiration date. If it expires, throw it away. If it expires, throw it away.

Reservations Urged For Agriculture Banquet

Placing of reservations for the 1938 Business-Industry-Agriculture dinner was stressed today by Meeting Chairman Howard W. Kaseberg as the Sept. 17 date drew near. Cloverview Garden Club Holds Annual 'Guest Day'

The annual guest day luncheon of the Cloverview Garden Club was held Tuesday at the Colonial Supper Club.

Mrs. B. C. O'Neill and Mrs. Maurice Dailey served as chairman and co-chairman of the event. Mrs. H. J. Lissac, club president, welcomed the guests and introduced Mrs. William Stafford, Region Five director, who reported on the President's Council held at the Palmer House in Chicago Monday.

Announcement also was made by Mrs. Stafford of the recognition at the state meeting of the Cloverview Club as the only club from District Five which contributed to the Horticulture School Fund scholarships to send two students to the University of Illinois.

The president presented Mrs. Frances Reiber, a member of the Metropolitan St. Louis African Violet Club, who demonstrated arrangements of violets, miniatures, Orientals, Christmas settings and other arrangements.

The luncheon tables were decorated with autumn flowers and favors were small milk glass containers filled with small cakes of soap in assorted colors.

The guest list included Mesdames Warren Decatur, Joseph Daniel, Orville Detour, Joseph Grant, Harold Stewart, Dwight Taylor, Bruce Marler, Andrew Orsey and August Theis.

Members attending were Mesdames William Ogden, Fred Orr, Lissac, O'Neill, Roger Fritz, Daley, Leo Roman, John Wilson, John Sedlack, Harold McCauley, John Jenkins and George Knapp. The next meeting will feature a workshop at 10 a.m. followed by a noon luncheon Oct. 8 in the home of Mrs. Ogden.

Co-Ordinated Youth Fights

Area Juvenile Delinquency

The Co-ordinated Youth Services is an agency of the local United Fund, which counsels children and youths who, because of conflict with the law or with social standards develop problems in conduct.
The agency, located in the 588 referrals in 1962, was originally designed to serve as a referral center for other agencies. Today it is still doing, but counseling is the Co-ordinated youth's chief task.

Staffing the local office are the director and caseworker, Mrs. Marian Kirby—a member of the agency's staff since 1945; Mrs. Alice Bass, a caseworker for nine years, and secretary Mrs. Lillian Douglas.

Staff Size Same As In 1959
It was pointed out by Mrs. Kirby that despite the fact that the staff in 1961 to 1962, the staff is no larger than the one handling 224 cases in 1959.

This lack of space has resulted in less face-to-face contact with school counselors and fewer home visits, which are a vital part of the agency's operations.
The largest category handled by Co-ordinated Youth Services are general behavior problems, including anti-social behavior which fringe actual delinquency acts that would take the child into court. "Incidental services" also are a large part of the agency's work.

MPO Asks Independence

For Macedonians

Jim Ertumoff, 1625 Poplar street, local delegate to the 42nd annual convention of the Macedonian Patriotic Organization of the U.S. and Canada, reported this week that the convention unanimously adopted a declaration calling for the Yugoslav, Greek and Bulgarian Macedonia to be placed under civil and military control of the United Nations Organization.
The delegates also are calling for free election for the 3,000,000 Macedonian inhabitants of the 25,000 square mile area to let them decide on their future for a Macedonian sovereign state.

Should a free and self-governing entity be established, the convention calls for the UN to guarantee its independence and neutrality.

Varied Sports Arranged For SIU Girl Students

There's a recreational sport for every taste this year at Southern Illinois University for the girls at Carbondale.

The 1963-64 Women's Recreation Association calendar lists class competition, intramural tournaments and intercollegiate contests. The WRA will field varsity teams in hockey, basketball and volleyball.

Two groups — the Aquettes, precollegiate swimmers, and the Modern Dance Club — will present public performances next spring.

Full quarter sports include competitive swimming, hockey and archery. Badminton (club and intramural) will be played

both fall and winter. The Fencing Club, the Aquettes and the Modern Dance Club will be active throughout the year. A hockey team will participate in a sectional tournament Oct. 19 at Principia College, and SIU will be host for a competitive swimming sports day Nov. 2.

Basketball will take the limelight during the winter quarter with both intramural and intercollegiate tournaments projected. The varsity team will meet Western Illinois University Feb. 8 at Carbondale and will participate in the sectional tourney at the University of Illinois on Feb. 15 or Feb. 22.

Volleyball teams will play Western April 18 at Macomb and Washington University April 23 at St. Louis. An SIU softball team will enter a sectional tournament in May at Alton. Tennis and golf tournaments also are planned during the spring quarter.

Instruction in these activities and a number of other team and individual sports is available in the women's physical education department. Speedball, soccer, dancing (folk, tap and social), horseback riding, canoeing and boating, and bowling are taught, as well as the various professional courses, both undergraduate and graduate, for prospective teachers in physical education.

GRADUATE, Miss Evelyn Werner, foster daughter of Mr. and Mrs. William Werner, 4330 Lake drive, who has completed her studies at Barnes Hospital School of Nursing in St. Louis. A 1960 graduate of the Granite City high school, Miss Werner plans to continue her nursing career in the obstetrical department at Barnes.

Girl Scout Council Names Fund Chairman

Charles Todd of Columbia, Ill., has been named general chairman of the River Bluffs Girl Scout Council Campaign during October. Mrs. John H. Marsh, council president, has announced.

Todd will direct solicitation in areas of the council where the Girl Scouts are not supported by the United Fund campaign.

Todd said the theme will be "Our business is growing girls." The week of Oct. 27 to Nov. 2 has been designated as General Solicitation Week for the campaign. The Girl Scouts in the Quad-Cities are supported by the United Fund.

Suit Dismissed, Teacher Appeals To Higher Court

A suit by Harry E. Wade, a teacher, against the Granite City school district was dismissed Tuesday in the circuit court and then was appealed the same day to the Fourth District Appellate Court.

The developments were reported at Tuesday night's school board meeting. A hearing had been conducted Sept. 6, and the dismissal was by Acting Circuit Judge I. H. Streeter of Alton on a motion filed by School Attorney Maurice Daley. Attorney Burton Bernard represents Wade, a non-tenure instructor whose employment was not continued by the district after the 1962-63 year.

The teacher sought a declaratory judgment outlining his tenure rights, determining whether the dismissal notice was sufficient and stating his present non-tenure or tenure status. The original filing took place in the week of June 10.

New Faculty Members
In other action, the board formally hired five teachers retroactive to the start of the current term and employed two others to start later this month. The five elementary teachers in the group are Miss Rogers Davis, Venice, who holds a master degree from Illinois Wesleyan College; Mrs. Kay Headrick, Rural Route One, 1963 bachelor degree from Northwest Oklahoma; Miss Dorothy Lakin, 561 Margaret avenue, bachelor degree from Ashbury College, Wilmore, Ky.; Everett H. Levey, Hillsboro, Ill., bachelor degree from McKendree College and 16 years of teaching experience; and Mrs. Merna Young, 2820 Yale avenue, bachelor degree from University of Illinois and three years of experience.

Maxwell M. Forbes, 1704 Primrose avenue, bachelor degree from University of Illinois and three years of experience, will teach vocational electricity, and Joseph A. Kutosky, 2963 Washington avenue, a teacher 13 years, will be a vocational machine shop instructor.

A resignation was accepted from Mrs. Marilyn Barry, a teacher who has been on leave of absence. Her husband is being transferred from this area.

It was noted that Bryan P. Miller did not accept a mathematics teaching position offered him at Granite City high school. He obtained work in industry.

Custodians Cook
The board hired as custodians Henry J. Stricker, 4729 Vincent avenue, and Elmer J. Miller, 2200 Lincoln avenue, both effective Sept. 16.

A new full-time custodian is to be added at Mitchell school, with another man dividing his time between the Webster and Marshall schools. Specific assignments will await the requests of custodians with seniority.

Three were hired as four-hours-a-day cafeteria workers. They are Mrs. Viola Hoffman, 2471 Center street, Mrs. Gladys Counts, 3004 Nameoki road, and Mrs. Leona Grobolski, 2943 Washington avenue.

The board extended for the 1963-64 year the present leave of absence of Mrs. Marvel Clover, a cafeteria employee who has cited illness.

State Recognition
It was noted that Ray Page, state superintendent of public instruction, has extended full recognition to the Granite City district for the 1962-63 year.

"This decision is based upon an evaluation of your total educational program," Page wrote. "It is important that your board make every effort to maintain adequate educational opportunities for the young people of your school district. This is possible only through professional leadership and the cooperative efforts of the community, administrator and teacher. Such cooperation requires a continuous program of self-evaluation."

The community has entrusted the board and superintendent with the serious responsibility of educating and training its youth. With the increased demands upon our young people, the educational program must be improved to meet these needs. The services of our office are available to you at all times. We are pleased to work with you and your school to provide the best possible education for the boys and girls of the school district."

Another letter from Page thanked the district for its participation in the 1963 state fair school exhibit.

SOCIETY

MR. AND MRS. DONALD RAY WHITE, who were married recently at St. Paul's E. & R. Church in Belleville. The bride is the former Laurie May Waelz, a daughter of Mrs. Virginia Martin of Belleville. Mr. White is a son of Mrs. Ruby White, also of Belleville, and a nephew of Mr. and Mrs. E. D. Puckett, 2038 Iowa street.

MISS CAROL JEAN WIGGER, whose engagement to Marvin Dean Peterson, a son of Mr. and Mrs. L. R. Peterson, Mt. Pleasant, Iowa, is announced by her parents, Mr. and Mrs. Howard J. Wigger, 2677 Adams street.

53rd Wedding Anniversary

Mr. and Mrs. Oscar McGriff, 2650 Cayuga street, were guests of honor last night at a dinner party given by friends, the occasion being their 53rd wedding anniversary.

The party was arranged as a surprise and others present were Mr. and Mrs. Lynn Drum, Mr. and Mrs. Bert Strain and Mr. and Mrs. John Spengler.

Spring Wedding Is Planned

Mr. and Mrs. Howard J. Wigger, 2677 Adams street, are announcing the engagement of their daughter, Miss Carol Jean Wigger, to Marvin Dean Peterson, whose parents are Mr. and Mrs. L. R. Peterson of Mt. Pleasant, Iowa.

The bride-elect graduated in 1962 from the Granite City high school and is employed in the offices of the International Shoe Co. in St. Louis.

Her fiancé is employed by the Granite City Steel Co. Both young people are attending night classes at Southwestern Illinois University Residence Center in Alton. Mr. Peterson is majoring in mathematics and education and will receive his Bachelor of Science degree in March.

A late spring wedding is planned.

Mrs. Bennington Is Class Hostess

Mrs. Freda Bennington, 2856 Iowa street, entertained the FAC Class of St. Peter E. & R. Church Monday evening at her home.

All of the members attended and after a short business session conducted by the hostess, president of the group, there were games and refreshments were served.

Prizes were awarded to Mrs. Thelma Markgraf, Mrs. Marie Bond, Clay, Effingham, Fayette, Marion, Montgomery and Shelby. The First Southern Baptist Church will be the convention church. The Rev. Archie Brown is the pastor.

WILL ATTEND WCTU STATE CONVENTION

Local members of the Woman's Christian Temperance Union are planning to attend the state convention of the WCTU to be held in Vandalia Oct. 15-17.

The meeting will be hosted by a seven-county area, namely Bond, Clay, Effingham, Fayette, Marion, Montgomery and Shelby. The First Southern Baptist Church will be the convention church. The Rev. Archie Brown is the pastor.

MUTUAL OF OMAHA

Due to an expansion program, we have openings for two full-time representatives, men whose living standards require \$7,000 to \$9,000 a year.

Men selected will attend our National Sales Training School and receive salary and expenses followed by actual field training as applied by successful and experienced salesmen.

You will have the backing of the Mutual of Omaha Insurance Company, the general roots in health, insurance, an advertising program on a national scale, including TV, radio, magazines and newspapers; and qualified leads for diversified sources.

This is your opportunity for a career in a highly successful business. Write Mr. Carter, 7714 State St., St. Louis, Ill., giving age, family status and past and present employment.

A Sentimental Journey

By JOHN W. ALLEN
Southern Illinois University

Abraham Ryan said: "A Land without Ruins is a Land without Memories."
A Land without Memories in these lines, plus the fact that yesterday was a fair day and cool for a change, that it was spent in driving over the highways and byways of childhood's road, a land-known countryside looking for ruins.

Two other oldsters who likewise had spent their childhood in the same community went along. Their presence made the trip less lonely and, naturally, supplied more memories.

The journey was a success in every way. Ruins, humble ones, were found in plenty. Even so, when pause was made at some remembered spot, it often was necessary to replace a few once-familiar objects with imagined ones drawn from well-stocked memories. Everything combined to make it a day of nostalgic pleasure, if not a day of nostalgic pain. At that, no one of the three intimated a yearning to return to a time that some call "the good days." Neither was there wish to forget them, expressed.

Abandoned School
Two of the school teachers had been country school teachers. That may have been the reason why the first stop was made at a school, abandoned half a lifetime ago. With doors, windows, teachers' and pupils' desks, the recitation benches, blackboards, coal house and out-buildings gone, it was indeed a forlorn sight.

A few cobs and grains of wheat were lying about. These and weeds that were growing between the room and tied about the wall studs showed that a farmer had used it for a crib or place for storing wheat.

The abandoned church on an adjoining plot likewise has a story, at least for those who knew it more than a half century ago. With its rostrum, pulpit and pews gone, and with its pot-bellied stove lying on a pile of planks at one side of the building, there was little to mark it as a church. There were no framed motes nor kerosene lamps, no reflectors in the walls. The door was fallen and windows broken.

Few will remember the times when people came for many miles in farm wagons and buggies, on foot or on horseback to attend all-day services, bringing their dinners in hand-made split baskets.

Tuning Fork In Church
People remembering those occasions also will recall the solemn observed ritual of foot washing, regularly observed. They also will remember the Southern Harmony singing which Alex Braden would lead after getting the proper pitch by listening to the tuning fork he tapped on the pulpit and held to his ear. The church used no musical instrument, that being against the beliefs.

This solemn, slow singing by women wearing pop bonnets and rugged farmers wearing their Sunday best was impressive.

ward, 1 reverse.
11. Water system—170 gal tank, 1/2" filling hose, necessary piping and nozzles to provide spray in front of sweeper and along the entire swath.
12. Spinning type red top of cab
Sweeper shall be current production model and shall have been in production for at least one year.

Not containing minor deviations from the above specification will be accepted provided that in the judgment of the City the deviations do not render the equipment unsuitable for its proposed use.

sive, at least it was to one boy who remembered it and would like to attend another such service and, particularly, hear the strange high-pitched but not unpleasant treble of the women who sang.

About a half-mile north of the church and school, pasture was made to look across the unmarked burial place of a man named Rector, a member of the first party of land surveyors sent into the region by the national government. They had come to lay out land lines, so settlers could locate the land they had contracted to buy for \$1.25 an acre or had received as military grants.

Shot By Indian
Rector was shot by an Indian a few miles northwest of the surveyors' camp and brought to die for burial. Using field notes made by the surveying party, it should not be too difficult to definitely locate and mark his grave.

A mile or so farther north, after passing two places that have stories of interest to tell, we reached the John Douglas homestead, burial ground and the campground where pioneer revivals were held.

The Douglas family can be taken as typical of the intrepid families that came to settle in southern Illinois. Douglas came from Tennessee, bringing at least one slave with him. This slave, a Negro woman, lived here with the family and was buried in the cemetery at Pleasant Grove Church. A simple marker with the word, "Hannah," marks her grave. There are numerous similar records in the region.

Hardscrabble School
From the Douglas camp ground site the roadway that led to Hardscrabble school was a dirt road. The school and Ghoshon Church, on an adjoining plot, had much appeal to the three of us. All had attended the school together. Two of us had taught there.

Once more we found an abandoned school building in use as a storage house. Not being able to get into the building, we gave the playground more attention. The games once played were remembered in imagination. The ground was filled with playing pupils. There were games of marbles, jump rope, tag, and over, leap frog, bull pen, cowboys and Indians, ball, sling ditch, whip cracker, shilly, London bridge and drop the handkerchief. There were some feats of strength going among the youngsters.

All this is simple history, but it indicates much of the life once lived here.

DOWNSTATE FISHERMAN'S GUIDE
By C. A. FRAZER
Lake Fishing Improves
A slight improvement in fishing conditions on southern Illinois lakes has been reported this week as dock operators cautiously analyzed results of the weekend. No lake bass were reported, there seemed to be an increase in the number of smaller fish caught, and in more shallow water.

Cline Skelcher at Devils Kitchen Lake said skin diving enthusiasts who had been tantalizing fishermen all season with reports of big schools of bass congregated in 20 to 30 feet of water near the dam, now say the fish have moved out. He tied this report with those of several fishermen who took fish with surface lures along the shoreline.

Julius Swain at Lake of Egypt boat dock said successful bass fishermen had switched from trolling deep running lures, casting medium runners, and surface lures they caught last weekend in the evening on surface lures.

Bass Feeding Increasing
Reports from Little Grassy, Murphysboro and Crab Orchard lakes also indicated an increased trend of feeding activity among the bass population. Whether it is the expected fall improvement or just fish in the pan, none would say.

The improvement seemed to have been due to large bass although catfish, redear and bluegill were also reported. Ray Clingensmith of Cape Girardeau, Mo., caught a goodly string of medium-sized crappie on minnows. Swain said use of minnows in Lake of Egypt is permitted despite earlier reports to the contrary.

Community Center Open House, Dance Friday

Open house ceremonies and a "bazaar" Friday the 13th, dance for teenagers are scheduled Friday night at the Granite City park district's community center.

The open house for youngsters and adults will begin at 3 p.m., with interested persons being invited to inspect the remodeled interior of the building, check the schedule of activities being planned at the center and meet new director John Birdsong.

The fall schedule of activities at the center will get underway Monday afternoon, Birdsong said.

The Friday dance will be held from 8:30 to 11:30 p.m., with Russ Carter of the St. Louis Hop as master of ceremonies and music provided by the Spectres. Girls are being asked to invite boys, with the admission charge to be one penny for each inch around the girl's waist, Birdsong said.

FSA Director Appointed To Regional Committee

Michael H. Dalton, executive director of the Family Service Agency which serves the Quad-City area, has been appointed to the Mid-Western Regional Committee of the national organization. He is to serve for a year, starting this October, according to James L. Turrentine, national president. Dalton said he considers the appointment to be a recognition of the increasing importance of the metropolitan area developing in Southwestern Illinois. The local agency, he said, will now have a direct channel to the general director and board of the national organization. The regional committees of the organization serve as major channels of communication between the local agencies and national organization. The Mid-Western Regional Committee, composed of about 20 persons, represents 12 states and three Canadian provinces. Located in E. St. Louis, the local agency, located in the Murphy Building at East St. Louis, has been an accredited member since 1959. It is a private non-sectarian agency which provides marriage counseling and assistance to other family and personal problems such as delinquency, behavior, difficulties in children, problems of personal social adjustment and economic problems. Mrs. Edward P. Hollman, president of the local agency's board of directors, commented that the ability of the FSA and other member agencies of the United Fund to continue the present volume of services depends on the successful outcome of the UP solicitation drive which opens in October.

Bridge Traffic To Miss 5 Million Mark This Year

The McKinley Bridge will miss 5,000,000 traffic total by a relatively slight margin for the second straight year, it became apparent this week with announcement of 4,476,901 crossings during the first 11 months of the October 1962-September 1963 fiscal year. The August tally was 423,614. Since the all-time monthly record is 442,196 (August 1962) and the September traffic volume was 404,782 a year ago, a year-end total of about 4,900,000 vehicles seems probable. The current peak of 4,742,868 was set in 1961-62, compared to 4,132,360 and 3,971,979 in the two preceding years. The count of motorists shows 96,168 on Aug. 1-7, 93,867 during the second week, 97,380 in the third week, 94,665 on Aug. 22-28 and 41,534 in the last three days of the month. Daily average was 13,664, extremely close to the averages of 13,643 in July, 13,657, in June and 13,701 in May.

Dunlap Lake Owners Sue Jaimets Over Structure

A restraining order against Daniel and Patricia Jaimet of Granite City is being sought by the Dunlap Lake Property Owners Association, Inc., in an injunction suit filed in the Madison county circuit court. The suit involves a structure being erected by the Jaimets, who own two lots in the lake subdivision near Edwardsville. The property owners said the building is in violation of restrictions established by the association which established a general building code binding on the lots of the subdivision. They also claim that the Jaimets did not obtain a building permit or receive the consent of the association. The suit calls for a temporary injunction to prevent completion of the structure, which was started Aug. 15, and a mandatory injunction requiring its dismantling.

VACATIONISTS RETURN HOME

Mr. and Mrs. Harry Loeffler and daughter, Sherry, 2161 Lynch avenue, returned during the weekend to their home after a 15-day vacation.

They motored to Blois, Miss., to visit Almaran third-class Gary Abernathy, son of Mr. and Mrs. Howard Abernathy of East 24th street, who is stationed at Keesler Air Force Base. Following that visit, they were home guests of Mr. and Mrs. Hall West, former local residents, in New Orleans, La., and the final time was spent in Chicago as guests of Mr. and Mrs. John Wetzel.

TROOP 22 COURT OF HONOR, OPEN HOUSE

Boy Scout Troop 22, sponsored by the Frohardt school PTA, held a court of honor and open house Monday night at the school, led by Harry Tongay and Kenneth Cardwell, scoutmaster and assistant scoutmaster.

The Hawk patrol opened the meeting with a color guard ceremony and pledge of allegiance. Plans were discussed with the parents for fall activities. Arrangements for fall activities at Camp Sunnen were completed for Sept. 18 were agreed upon, with additional camps scheduled for November and December.

The following boys advanced in rank: second-class, Mike Tapp and Kenny Gaines; first-class, Ricky Cardwell, Joey Arlio, Alan Nancey, Warren Smock, Dennis Watson, Joey Nobus and Perry Tongay; Life, Ricky Harding. Eight merit badges were awarded.

Kenneth Cardwell showed films taken on campuses at the New Salem and Beaver Dam state parks and Camp Sunnen during the year. Assistant District Commissioner Floyd Pitchford gave a short talk on "Adventures of Scouting" and praised the boys for their camping record for the year to date.

Committeeman George Nancey spoke to the parents on the need for parental interest and assistance in helping the troop grow. Nancey and George Watson have made arrangements to set up an advanced class in communications for teaching Morse code, semaphore and other communications to scouts in Troop 22.

The Hawk patrol closed the meeting by retiring the flag, with the Lord's prayer led by Joey Arlio. Refreshments and a social time were enjoyed.

Chemical Workers 50 Ratify New Contract

Local 50 of the International Chemical Workers Union and the Granite City Steel Company have agreed on a new contract, which has been ratified by a vote of Local 50's membership. It was jointly announced today by Charles Hamilton, business agent of Local 50, and John F. Hundley Jr., vice-president industrial relations for Granite City Steel.

The contract will run for a 22-month period ending June 30, 1965, and covers approximately 775 employees at facilities used in the production of blast furnace pig iron. Among the changes provided are an expanded vacation plan and improved insurance benefits.

The United Steelworkers of America and Granite City Steel reached agreement last month on a contract running a minimum of 21 months and covering approximately 3100 employees in the company's steelmaking, rolling, finishing and shipping departments.

Faces Two Charges

A warrant charging her with creating a disturbance and using profanity was served Tuesday on Betty Jean Davis, 33, of 2015 Lee avenue. She was released on \$32 bail for a hearing next Tuesday. The complaint was filed by Faye Buford.
